Festival of Arts Was Successful

The Festival of the Arts held at Kendrick high school on April 11 was a big success. The event was sponsored by the Westendahl Memorial Scholarship Program to raise funds for 1980 scholarships.

Approximately 75 entrants were awarded ribbons and certificates in the Art contest. Judy Callison is to be commended for a fine job of organizing a most interesting show. Congratulations to all the artists for a fine job.

Norma Abrams did an excellent job of putting together a superb arts and crafts sale. Many items were sold and many artists made public their talents.

Hats off to Dee Morton for a most entertaining talent show. Twenty-seven acts ranging from small-fry dancers to senior citizens entertained an audience of more than 300 people.

The hard working kitchen crew estimated that approximately 300 people enjoyed a delicious German sausage dinner. It was truly a feast!

All in all the Festival of Arts is deemed a huge success. Thanks to the generous support of the area residents, nearly \$1,000.00 will be presented to 1980 graduating seniors in scholarships. We are already looking forwards to next year's Festival!

KHS Track Teams Compete At Lewiston, Kooskia

Kendrick high schools track season got under way last week with Kendrick putting together some fairly respectable showings. The squad competed at Lewiston's Vollmer Bowl on Tuesday in a 5-team meet. Some top performances for the boys included Richard Silflow's 4th place in the 220-yard dash, Carl Ware's 2nd place in the 330-yard hurdles and Darrel Clemenhagen's 2nd place in the 440-yard run.

On Saturday, both boys and girls traveled to Kooskia for a meet involving all schools in the area. The boys hampered because many of their runners weren't there, could garner only 2 points on two 6th place finishes. The girls fared better as they earned 15 points. Freshman Lisa Vallem and Gerri Roy set school records in the 880-yard run and 440-yard dash, respectively. Vallem, who received 5th place for her 880 time of 2:40, also ran to a fourth place finish in the 220. Roy got 6th place for her time of 1:10. Both along with Janie Jacobs and Jane Glenn, ran in the girls' 880-yard relay, which also set a school record with a time at 2:01. Kendrick's next meet is an invitational at Kamiah next Saturday.

Two Trustees to be Elected May 20

The Kendrick School Board held its regular April meeting last Thursday. June 12th was set for the annual budget meeting. The hearing is open to the public and will commence at 8:00 p. m. in the High School. May 20th was set for election of Trustees from Zones 3 and 4; Doug Harris and Jack Parsley presently represent these zones. The Board voted to renew its contract with the North Central District Health Department for school health services for next year. Superintendent Morton briefly reviewed revenue projections for next year. The Board concluded there was no need for a maintenance and operations tax over-ride.

Superintendent Morton reported that over the past 5 years there has been a decrease in student grade averages; that is, fewer A's and B's. Five years ago the average semester grade was slightly above B (3.1) and now it is closer to C plus (2.4). This has resulted in fewer students on the honor roll and fewer members in honor societies. However, Morton pointed out that during this same time the District's achievement test scores have increased by more than 15 percent. He thinks this indicates that grading now more realistically describes the student's achievement.

He cautioned the Board that the High Schools share in the achievement improvement is only slight. Further improvement in the High School achievement scores should be expected. However, such improvement will take place only when there is greater student interest in academic achievements.

Mr. Morton believes that parents and teachers are becoming less willing to accept inferior work from the High School student. He said that only parents' demand for higher levels of achievement will bring about the student effort necessary for improved achievement.

The next regular Board meeting will be at 8 p. m. in the High School on May 8th.

Geo. Crawford to be Genesee School Supt.

George Crawford of Hagerman, Idaho is the new Superintendent for Genesee Joint School District and will start employment July 1.

He is currently Elementary Principal of Hagerman Schools, is married and has two children. His wife, Priscella is an Elementary Special Education teacher. His son Travis, is in the first grade and his daughter, Danielle is in kindergarten.

The regular meeting of the Board of Trustees of Genesee Joint School District No. 282 met Monday, April 14, 1980 at 7:30 p. m. in the district office. Request was granted for Joel McDonald for May 26-30 to tour Europe.

8 period day for 1980-81 school yr. was approved.

A Senior delegation was present asking permission to go to Wallowa Lake on May 21 for senior sneak. Permission was granted.

The Board went over the school calendar for next year and no decision was made at this time. May 20 is the date for the trustee election.

Zone 3: Bill Haxton is currently trustee and isn't seeking re-election. This is a 3-year term.

Zone 2: Laverne Anderson was appointed when Irma Eglund moved from zone. This is for one year to finish term.

Zone 1: Bill Shirley and he isn't seeking re-election. Three-year term.

At this time we have a petition in the District Office for: Zone 1: Caroline Wilson; Zone 2: Glen Baumgartner. Zone 3: Eugene Esser.

Petitions for election may be picked up in District Office from Clerk of the Board Margaret Baumgartner and must be filed by May 2.

Kendrick Grange Ponders Future Size Of American Farms
 (Delayed from Last Week)
 By Frank Jacobson

Speaking from carefully researched data, Latah County Extension Agent Gordon Dailey last week traced the growing size of American farms from an historical perspective and led his Grange audience to speculate on what the future may hold. Pointing out that farmers and their families once constituted 90 percent of the American population, Dailey said that today 8 million of them represent less than 4 percent of the population. And the census figures for 1980 may reveal an even further erosion in that already small figure.

Despite the decrease in farm population, Dailey said, both the productivity and size of American farms has grown rapidly in the last forty years. The average size of a farm grew from 167 acres in 1940 to 213 in 1950. The decades of the 50's and 60's saw that figure grow to 374. The most recent figures available show the average size to be 401 acres. And during this same period, America lost 100 million acres of farm land to non-agricultural development.

Parallel to the growth in size is the decrease in the number of farms. In Latah County, for example, there were 1,457 farms in 1950. By 1959 there were only 1,045. And where there were 768 farms in the county a decade later, there were only 625 in 1979. That's a 57% decrease in some twenty-nine years!

Easter Games Played At Juliaetta School
 (Delayed from Last Week)

How many jelly beans are there in a gallon jar? That was the question that the grade children tried to answer last week for the annual Easter Games. Answer: 1,221 jelly beans. The top four winners in each class were: 1st grade: Wyatt Hazel, Bobbi Heinrich, Willy Alford, Jennifer Mikelson. 2nd grade: Heather Jansen, Ben Nye, David Peterson, Tory Smith. 3rd grade: Chad Henson, Aaron Heinen, Thane Syverson, Shad Blewett. 4th grade: Trina Thornton, Howie Warner, Jimmy Woods, Sean Syverson. 5th grade: Brent Hutcheson, Tommy Woods, Jane Noren, Teala Mickelson. 6th grade: John Manning, Teresa Foster, Darle Gentry, Eric Fry. Mr. and Mrs. Lloyd Cook donated real eggs for the games. The children were kept guessing as to whether they were hard boiled or not.

Pointing out one irony revealed by the statistics, Dailey noted that while the farm population has steadily declined, the numbers of those Americans living out in the county increased from 31 1/2 million in 1940 to nearly 38 1/2 million in 1950. By 1970 there were 44 million, and today there are some 49 million folks living in a rural setting. That's an increase of 55 1/2% in forty years, a percentage that roughly equals the decline in the number of Latah County farms since 1950.

Despite these changes, Dailey said, agricultural production has leaped during the last quarter century because of soil, climate, technology, relatively cheap energy—and lots of hard work. Pointing out the problems caused by the energy crunch and double-digit finance today, Dailey said the American farmer—particularly the young man wanting to make a career of farming—faces difficult decisions. An option not open to him, however, is that of going back, for where, asked Dailey, would we get the 61 million mules and horses we'd need to do the job?

The time may soon be with us, Dailey concluded, when America must export more of its agricultural technology and less of its farm products. Dailey, who is a member of Moscow Grange, spoke at the first of this year's Grange Issues Forums held April 1 at Kendrick Grange.

Third Grade Winners:
 Spoon Relay: Julie Bateman, Sarah Patterson, Leah Heimgartner, Heather Tweit. 2nd place: Mike Morey, Matt Gravelle, Trent Zumhove, Scott Powers, Egg Roll Relay: Scott Powers, Matt Gravelle, Mike Morey, Trent Zumhove.

WHO KNOWS WEEDS IN WHEAT BETTER THAN US? YOU.
 You grow the crop and suffer the consequences of the weeds. Yet we think we can help. We've got quite a few good herbicides. One is a new combination. And we've got some definite ideas on how to use these herbicides, and others. Ideas such as what when and how, and how much to apply, to let your wheat produce without the pressure of high weed populations. Just let us tell you some of our ideas for your particular weed situation. We're easy to reach.

EARLY WILD OAT CONTROL WITH CARBYNE RETURNS EXTRA YIELDS.
 Three years of yield trials on farms managed by farmers prove how Carbyne returns extra yields. What's more, long experience shows, Carbyne application when wild oats are in the critical two-leaf stage enhances returns even more. For example, 57 wheat growers who compared Carbyne on their farms averaged 8.7 more bushels per acre. Twenty-seven barley growers who compared Carbyne on their farms averaged 12.6 more bushels per acre. And now new research by the University of Idaho illustrates just how important timely application can be. Note that yield losses due to application in the five-leaf stage nearly equal those in an untreated check.
 Read label instructions carefully and use Carbyne only as directed.
 See your farm chemicals dealer and order your Carbyne today.

Early Day Resident Passes— Esther Evans Hall, daughter of James H. and Agatha E. Evans, was born at Juliaetta, Idaho Nov. 2, 1895 and lived on Potlatch Ridge, at Agatha, Clarkston, Spaulding and Lapwai before her final days at Lewiston. She, with her husband Alva Hall, who preceded her in death, and their 4 daughters and one son, resided at the foot of Hubbard Gulch grade for many years, the children attending Stony Point School. Funeral services were held at Vassar Rawls Chapel at 1:00 p. m. on Tuesday, April 15, with burial at Normal Hill Cemetery. Sincere sympathy is extended the family by those of us who knew her.

The Heath Events— These days are full for Mildred Heath with much visiting. Inez Heath Inghram was her overnite Tuesday companion. Tuesday supper guests included Evelyn and Ray Evans and Natalia and Lee Heath. Daughter Flora and husband Forest Gibbs arrived on Thursday and departed on Monday, April 14 for their Spokane home. Edgar and Ruth Heath of Nezperce came for a few hours on Saturday morning. Sunday dinner at the Lee and Natalia Heath home was eaten by Mildred Heath, the Gibbs couple and Evelyn Evans. At this meal a German chocolate cake, presented to Natalia by a friend, was served and enjoyed!

Visit Ancestral Home— On their recent winter travels, Flora and Forest Gibbs located the home of Mildred Heath's mother and parents, a log home, in Tennessee and visited the graves of Flora's great-grandparents! A "find" many would be happy to experience! That family name was spelled "Cochran" but pronounced differently than around here.

The Gordon Heath family of Potlatch drove to the hilltop former home of the Newt Heath family at Cherrylane for a fine weiner roast picnic on the beautiful Sunday April 13th.

A Birthday Girl— On Wednesday, April 10, Bekalyn Steigers celebrated her 15th birthday. For ice cream and birthday cake at her home at suppertime were her own family plus grandparents Ernest and Nellie Steigers, and cousin Jim Steigers. A movie at Lewiston that evening was enjoyed by Bekalyn, Brant and father Ken, while mother Linda attended a class. Raymond Yochum and son Terry were brief drop-in guests earlier.

Sunday April 13th visitors in the home of their cousin Linda Steigers at Cherrylane were Leo and Lela Ames and Arlene Jonas.

Sunday Callers— Mr. and Mrs. James Hoisington and children visited briefly Sunday morning in the home of his parents the Cleis Hoisingtons. During that afternoon Katy Hoisington and sister-in-law Unis Hoisington came for a short time.

Meeting at the Eldon Heimgartner home for a day of bringing the Heimgartner-Hoisington, genealogy up-to-date were Mabel Steigers, Bea Hoisington, Erma Stevens and Ruth Heimgartner on Tuesday.

Friendship Club of Stony Point were meeting on Thursday for a full working day at the Erma Stevens home. Quilting planned for Marjory Stevens. (More on this next week.)

Saturday afternoon guests at the home of Erma Stevens included Mrs. Sharon Freeman and 4 children of Clarkston, plus friend Mrs. Barbara Grimm and son Darien from Seattle. The Ernie Fliger family of Moscow were her Sunday dinner guests.

Mr. and Mrs. Tom Glass from Boise were overnite Friday guests in the home of her sister, Mrs. Glen Stevens. All day Sunday visitor was the Stevens daughter, Mrs. Lynda Bakke, from Sandpoint.

Baby Shower— On Tuesday a large group gathered to shower little 5-pound "preemie", Colby Wayne Martin, son of Mr. and Mrs. Cecil Martin. Tho still small, the babe, brot in later for "display" by the proud father, seems to be gaining nicely now! All rejoice!

Saturday, April 12 guest for the day of Natalia Heath, were Benita Schoonover and Elizabeth Wessels of Lewiston, natives of Germany (and the makers of the luscious German Chocolate cake). These ladies are employed at C. C. I. The day on the farm, with lunch taken to the crew of Lee's working on the ridge now, was greatly enjoyed! Scenery lovely! Elizabeth has been a friend a Natalia's since 1954 when they just met at the Citizenship class for their naturalization papers!

Ken Stegers departs by plane, early this week to enter as one of several thousand runners in this year's Boston Marathon! No hopes of winning laurels just to say that once he participated!

Brady Stevens, one of our Lapwai Kindergarten boys, won 1st place and blue ribbon on his recent entry in drawing in the Art Exhibit of his class there. Brady dances and draws! How's that for a farmer's son! Real talent!

Arnie and Linda Zumhove and family enjoyed ice cream and cake Saturday night for the early birthday celebration of Heidi Zumhove at the home of Leslie and Delores Heimgartner.

Walter Zumhove, accompanied by Betty Cowger and her two youngest grandchildren, visiting from Oregon were visitors at the Leslie Heimgartner home. The menfolk were "swapping bulls" literally, as well as by "gossip". All of this should prove interesting to our Mt. Home Gazette readers. Grandma Zumhove, and Marie, Hi!

Pinecreek News— Michael Prince, Kennewick, Wash. spent most of last week visiting at Pinecreek with great-grandmother Helena Brown. Walks on pleasant days and card games during rains kept both happy. On Thursday grandmother Merle Cooper came from Lewiston, taking the couple for dinner out back in town. A visit with grandfather Bill and uncle Richard Cooper, then depositing Michael with his paternal grandmother, Betty McCormack rounded out his stay. Don Brown, Allen and friend John Nelson, were Helena's Sunday helpful guests. Mowing front yard section and repairing the water pump were their "Boy Scout" activities of the day.

New Books at Genesee Community Library

There are 4 new additions to our bestseller shelf. They are The Brethren by Woodward and Armstrong; The Devil's Alternative by Frederick Forsyth; Princess Daisy by Judith Krantz; and Yellowfish by John Keeble. A scaring account of the Supreme Court from 1967 to 1975 has broken the Court's traditional silence in The Brethren. In the Devil's Alternative an enormous plot builds to a well detailed international thriller.

Princess Daisy is a story that is now rated No. 2 in the national ratings. The Northwest plays a main role in this adventure story about illegal Chinese Aliens (Yellowfish) by an Eastern Washington University English Professor, John Keeble.

A 15-volume set of Juvenile American Encyclopedia is for sale at the library for \$3.25.

Watch next week for some suggestions on gardening books. We have several in different fields from how to have a green thumb without an arching back to cultivating carnivorous plants.
