# Is there money after work

Funny thing about retirement. The paychecks stop, but the bills keep coming.

'Well, that's where United States Series H Bonds can help. Because once you invest in H Bonds, your money keeps working for you, now that you're not working for it.

You see, H Bonds pay you, with an interest check in the mail, every six months.

And there's even a way to get paid every month. Just buy a Bond a month for six months in a row. You'll get twelve checks a year until your Bonds mature.

So buy United States Series H Bonds before you retire.

Just because the paychecks stop doesn't mean the money should!

Now the H Bond interest rate averages 6% per year when held to maturity of 10 years. Lost, stolen, or destroyed H Bonds can be replaced if records are provided. H Bonds are redeemable after six months, by application through your bank.

Art Workshop to be Held In Three Locations

Moscow--Idaho's lakes and mountains will be the subjects for artists who participate in the University of Idaho's 24th Workshop on Wheels.

The workshop sponsored by the UI Department of Art and Architecture Friday afternoon when a show and offers the opportunity to travel and review of the week's work will be paint in some of Idaho's most picheld. inresque locales.

The workshop is open to novices as well as professionals and may be taken for college credit. Instruction will be provided in drawing and painting by members of the UI art 'aculty, in accordance with students' abilities and experience.

The workshop may be taken for 1, 2, or 3 weeks. Outdoor classrooms will be held July 6-11 at Stanley, among the Sawtooth Mountains; on Payette Lake at McCall July 13-18; and on Lake Pen o'Reille at Sandpoint July 20-25.
