### Return from Coast Trip

Mr. and Mrs. Bob Magnuson returned last week from a trip to Victoria, B. C. They were met in Victoria by Lee Magnuson and all attended the final banquet and concert presented by the Vancouver Island Sweet Adeline choruses. The regional meetings were held at the University of Victoria. Mr. and Mrs. Bud Eichner also attended the Sweet Adeline meetings along with 6 other couples from Lewis-Clark Chapter. After leaving Victoria, the Magnu-

sons met Ellen Magnuson on Orcas Island and then visited friends and relatives at Deer Harbor, Seattle, Tacoma, Olympia, and Sequim. While in Seattle they saw "Siegfried" at the Opera House, and a baseball game at the King Dome.
Sarah King and Ted Close prepar-

ed a sumptuous dinner to celebrate Lee's birthday during the Magnuson's visit.

By Mrs. Gayle Marek

Enjoyed Pack Trip— Mr. and Mrs. Bud Adamson, Mrs. Sandi Gipe, Kalispel, Mt., and Mr. and Mrs. Tom Marek and son enjoyed a 10-day pack trip into the Bob Marshall Wilderness Area near Seely Lake, Montana. Good weather, beautiful scenery and superb fishing made an outstanding trip for all.

Bitten by Burros—

Thursday afternoon Jake Marek was treated and released from Clearwater Valley Hospital, Orofino after he was injured by the Adamson's burros. The animals are gentle and docile most of the time. However, this day the two jacks were quarreling across the corral fence from each other and Jake attempted to separate them. The one turned on Jake, age 4, and bit him repeatedly. Somehow he managed to escape with only one badly bitten hand that required stitches and multiple bruises from other bites.

Sunday callers in the Marek home fishermen. were Mr. and Mrs. John Holden and grandchildren and Ray Smith, Clarkson. Wash.

Attended Horse Show-

The Trail Dust Troop 4-H Horse Club attended the Nez Perce County Horse Show Saturday. Mrs. Gayle Marek took Carrie Den-

ton and her horse and Tracy Welsch, Longview, Wash, to the activities. The club members did well in all of their classes. In some classes participants nearly filled the fairgrounds arena! With so many competitors the club surely held its own. The other livestock groups will not finish their Children's Crusade projects until September. Only the horse clubs are completed this early.

### Fire Danger Increasing with Warmer Weather

The burning index at the Kendrick Fire Protective District office moved up to the middle of High this week and Fire Warden Richard Benjamin asked local people to increase their awareness of the danger of fire.
"The danger's not too great yet,"
Benjamin said Tuesday morning, but added that if the weather remains hot and dry, the index will climb

So far this season the crews from Volleyball Practice the local office have only been called on two fires: the first a lightningcaused spot fire two weeks ago in the Cedar Creek Canyon and the other a grass fire on the Clearwater River area which burned approximately 4 acres of grass and some fence posts.

Kendrick fire fighters were also sent to Craig Mountain to fight timber fires in that district.

"Just Please be real careful," was the advice of Benjamin for people who are working in the woods or harvesting and also for campers and

Benjamin reminded again that anyone going into the woods must have the basic fire fighting tools—an axe, bucket and shovel-with them.

Weekend wood gatherers were also warned that chain saws must be equipped with spark arresters in the mufflers. Owners of chain saws may be checked in the woods by state, federal or any law enforcement officers to determine if the equipment meets fire prevention requirements.

### Pea Harvest Picks Up Speed; Weather Stays Dry

Although the temperatures have moderated from the near 100 degree recordings of last week, the weather still stayed warm and dry, allowing crops to ripen quickly and farmers to get on with the business of harvesting the 1980 crops. Temperatures have stayed in the middle and high eighties during the day, dropping down into the forties and fifties at night. Moderate to strong winds also aided in drying on the fields.

#### First Security Corporation Shows Quarterly Growth

Ogden, Utah-The First Security Corporation board of directors met gains in most major categories.

George C. Eccles, chairman and

chief executive officer of the financial services firm which was founded here in 1928 as one of the nation's first multi-bang holding companies. announced resources of the corporation's banks and subsidiary companies of \$3.31 billion, an increase of million from a year ago this

Total deposits of First Security Corporation banks on June 30, 1980 were \$2.5 billion, a 3.36 percent in crease over deposits reported on the same date in 1979. Average dpeosits for the year to date increased \$128.5

lion in time deposits, which showed a 3.4 percent increase over mid-year

In commenting on deposits, the bank executive noted that the rush of savings depositers to take advantage of the high rates prevailing in money market instruments and large certificates of deposit resulted in a substantial increase of interest paid. Total expenses amounting to \$167 million rose 23 percent over the first 6 months of 1979, with interest paid to savings depositors amounting to \$82.3 million or an increase of

36.4 percent over the previous year. As reported earlier this month, First Security Corporation achieved 6-month earnings before securities transactions of \$19.0 million or \$1.60 per share, compared with \$17.8 million or \$1.51 per share, a 5.96 percent increase over 1979, Second quarter income was \$9.2 million, or 78 cents per share, compared with \$9.1 million, or 77 cents per share in 1979.

Total loans, including leases, outstanding on June 30, 1980, amounted to \$2.07 billion, a slight decrease from a year ago. Mortgage loans declined rapidly in the face of extraordinarily high interest rates which reached a top of 20 percent prime rate in April . Loan activity was

the banks and our 3 mortgage com-panies were servicing real estate loans sold to investors totaling \$1.7 This brings new money into our region to be used for additional mortgage loan financing," he said. First Security Banks and subsi-

daries made a total of 52,732 loans for \$1,1 billion during the 1st 6 months of the year. These included \$688 million in commercial loans, \$244 million in real estate loans, and \$203 millions in installment loans for consumer properties,

On the economy, Mr. Eccles said that during the 2nd quarter of 1980, the country moved further into a recession. Employment opportunities declined and the rate of unemployment jumped abruptly. The automobile and housing industries had begun to weaken in the first quarter but inflation and interest rates contact in the stimulate the home building market. "We are forecasting a rise to 1,400,000 units from the recent low of 920,000. This is still low from the 2,000,000 level a year ago. Autinued to soar. In Mid-March, oriented primarily to slow consumer 7,200,000 units to the 9,000,000 level lending, was imposed by the Federal of June of 1981. Not the best year Reserve on the nation's financial but a good improvement," said Mr. system. This resulted in sharply Eccles. system. reduced spending and credit demands in the second quarter and a weakening in retail sales, production levels and employment. These controls weren't needed, as the downturn had

have now been rescinded. Mr. Eccles said he saw little chance that the economy will experience any significant recovery prior to mid 1981. The chances of a balanced federal budget in fiscal year 1981 have been dissipated, and the prospect is for a vastly enlarged budget deficit. A tax cut, which now appears likely for early 1981, would only partially offset the impact of progressive income tax rates on inflated wages

already begun to accelerate.

### News Notes From Park—

Mrs. Jerry Smith

New Arrival-What amounts to a population explosion took place in Park last Wednesday as Mr. and Mrs. Lewis Smith became the proud parents of a baby boy, their first. James Richard Smith arrived at 12:04 a. m., weighing 9 pounds, 5 ounces, was 22½ inches long, has red hair and steel blue eyes. Proud grandparents are Mr. and Mrs. Jerry Smith, Park; Adele Gilbert, Nyssa, Oregon, and Dean Chappell, Bovill. Great grandparents are Mrs. Eva Daniels, Juliaetta; Mr. and Mrs. Chas. D. Stone, Lewiston; and a great-grandmother in Boise.

Surprised Surprisers-

Misses Tracy and Darlene Halseth of Helmer planned to surprise Robin Smith with a baby shower, but she surprised them instead by making her trip to the hospital the night before the party was planned. Several high school friends turned out for what became a baby boy blue grandma shower, with a surprise phone call to Robin and Grandma Smith opening the packages in her place. Lewis, Robin and baby James are home and doing well in the house at the 4 Corners in Park, Jim Bennett, who had lived in that house, moved to Plummer a few weeks ago.

Summer Activities -- are progressing on schedule after a cool, wet Spring. The hay, a heavy crop, is all up and machinery is being readied for harvest, which should begin shortly. Altho quite a bit of grain went down in the last two rain storms, Park farmers are optimistic about being able to harvest it. With favorable harvesting weather, high

yields are expected. Area gardens and berry patches seem to have enjoyed the cool, wet weather this spring, and are producing heavily. Several huckleberrying parties have reported success in patches that bear only once in several

Visitors in Park— Mrs. Thelma Stratton has had several of her grandsons and greatgrandsons taking turns visiting from Colfax and Moscow this summer.

Chas. D. Stone, his wife and Mrs. Eva Daniels celeprated his birthday anniversary a day early, with a Sunday visit to their new great-grand son. Later the group joined by Mrs. Clinton Smith, Kay and Leah, enjoyed an "almost birthday" cake with

Polluck Dinner Aug. 10—

A polluck dinner for all interested persons will be held at the Catholic Church in Southwick following the Code Reserves all controls of the Lewiston Convalescent it comes to the cost of living raises the public employees get each year to keep up with the cost of living. I could never see where one was enclared the control of the ladies of the Grace Lutheran Church for all the food on Friday. Could never see where one was enclared to the ladies of the Grace Lutheran Church for all the food on Friday. body gets a 6 percent raise, the man who gets \$10,000 a year gets a \$600 raise, where another making \$15,000 gets \$900. Does it take more for one

man to eat than another?

Congraulations to the Latah
County Commissioners for being honest, fair and impartial this year. Let's hope it catches on and goes to all public employees—the schools, county employees, state and federal as well. The bigger the pay roll the nore injustice it does.

Maybe, just maybe, we could elect president of our country that would follow that example and be fair to

#### H. E. L. P. Diet Club News

Our meetings have been just short business meetings because of the heat we have skipped our exercising, but have promised each other to do

our exercising at home.

Last week the club had a total veight loss of seven pounds and this veek a total of twelve pounds. Good vork, ladies!

Because of the busy harvesting the rest of the meetings in August and begin meeting again the Monday following Labor Day, Sept. 9.

Without meetings we will need help from each other by phone calls and little notes in the mail encour-

aging weight loss throughout the month of August. I will be sending each member copies of low calorie dishes and diet

hints each week. Our weekly weight loss winner was a Kendrick lady. She lost 6 pounds! Congratulations!
