#### CARD OF THANKS-

First come my Thank Yous for ALL the hundreds of cards I received during my almost 2 months stay in the hospital. The visits to cheer me up and the flowers to remind me that God was still producing beauty and that He would surely be there to hear all the prayers that you had said for me. I am a firm believer if enough people get behind some-thing and get all their energies wor-king together, then good things have to happen. When I was finally released from the hospital and, on my way home we approached Pullman, han and Kathy Vine. Rick. Holly way home we approached Pullman, and Kirk Linehan also spent the weekend with their grandparents. When Moscow. "It wasn't a particularly pretty day as the eye beholds, but when it as a tear in the correction." but when there is a tear in the cor ner of your eye, it kind of blurs the beauty you know is there," and on to Genesee—Wow! Too many times we tend to take our community and of Ellensburg were from Saturday to Tuesday houseguests of her parmunity for granted. When you meet someone, say "hello" with a smile Mr. and Mrs John Myers returned and mean it because that was one of the most joyous things about coming home.

My health is not just a case of luck, it took many hard, hurting smiles. My doctor said after I thanked him that I was thanking the wrong person. Anyway it sure is good to be home—my family thinks so too.

P. S. Congrats to the Genesee H. S. basketball team for not only being the number 2 team A-3 in the state but for the manner in which they represented not only their com-munity but all northrn Idaho. -Bill Shirley

#### FOCUS ON HEALTH CHRONIC BRONCHITIS

Spring is nearly here but your winter cold lingers on. You cough. You spit. And if you're a heavy smoker, too, it could be chronic bronchitis. Chronic bronchitis is nearly al-

ways associated with heavy cigarette smoking. It's likely to start in Montana and Idaho. The choir is under the direction of Ron Ward who is completing his 14th year as head of the collection music and seek help from a doctor early on. About three times as many men get chronic bronchitis as women. Most people with chronic bronchitis live in cities

where air polution is a problem. The Idaho Lung Association says that because people don't consider; it is often neglected until it is in an advanced stage and there is serious damage to the lungs. But in 1981,

Fuller was born July 3, 1912, in Hattiesburg, Miss. He was married to Sarah Frances Mize in Cleveland, Miss., in 1939. His wife died in 1954. He was a former elder in the Presbyterian Church and belonged to the Leland, Miss., Masonic Lodge, the Wahabi Temple of the Shrine and was a former Rotarian.

Survivors include Mrs. Wilson and another daughter, Rachel Winter of Belleville, Ill., a sister, Mrs. J. L. Campbell of Webb, Miss., and grand-children Bob and Chris Wilson of Genesee and Kathy and Bo Winter of . Belleville,

about 7.1 million people suffered from chronic bronchitis. It brought death to about 3,900.

Physicians report more than 330,-000 new patients with chronic bronchitis every year. The Social Securily Administration grants disability benefits to about 1,500 victims a year. Undoubtedly, chronic bronchitis is one of the nation's costliest diseases in terms of manpower, money and misery.

Since people who get chronic bronchitis are nearly always smoking, the cough is usually dismissed as only "smoker's cough." As time goes on, though, colds become more damaging. Coughing and spitting last longer after each cold. Soon they're with the victim all the time -before colds, during colds, after colds. Generally the cough is worse in the morning and evening and in cold, damp weather.

If your winter cold lingers, see your doctor. He or she can help you enjoy the spring.

For more information about chronic bronchitis and other disease affecting lung health, contact your Idaho Lung Association.

STATE REP. MARGUERITE P. McLAUGHLIN APPOINTED

State Representative Marguerite McLaughlin has been appointed by Governor John V. Evans to serve on the newly formed State Advisory Council that will advise and assist in implementing the Education Consolidation and Improvement Act of 1981. The appointment is for 3

Chapter two of the Act consolidates many elementary and secondary programs into a single State Grant and several other programs into a discretionary fund.

To participate a State must submit to the Secretary of Education a three (3) year application which may be updated annually.

From the total amount of funds received in each state, not less than 80% must be allocated to local education agencies and up to 20% may be reserved for state administration of the program.

Higher per pupil allocations must be provided to local educational agencies with the greatest numbers of percentages of children whose education imposes higher than average costs, (low income families), economically depressed areas and in sparsley populated areas.

Mrs. McLaughlin previously served on the Board of Trustees of Joint School District No. 171.

#### UPLAND GAME SURVEY RETURNS NEEDED

The Department of Fish and Game needs more returns from its annual survey of license holders who hunted upland game and migratory birds last year.

"We need as many of the report cards as possible, because the information helps us formulate recommendations for 1982 seasons, bag limits and other regulations that are considered by the Fish and Game Commission," said Dick Norell, state game bird manager.

"A cutoff date for returns must be set before loo long so we can compile the results," he added.

About five percent-13,543-of resident and nonresident license holders received the postpaid cards, which ask how many of each species were harvested, how many hunting trips were involved and the counties in which the person hunted.

Public Health Nurses from the North Central District Health Department will be conducting scoliosis screening in area schools, other than Moscow, during March and April. Scoliosis, or curvature of the spine, is a condition which may develop during a rapid growth spurt of the teen years. Most of the time the cause is unknown.

The scoliosis screening is a very simple process and will be for 6th, 7th, 8th and 9th grade students. Observation of the students may include the following points:

- 1. Difference in shoulder or shoulder blade height.
- 2. Prominence of either shoulder blade.
- 3. Prominence of either hip.
- 4. Prominence of one side of the rib cage.
- 5. Any side-to-side curve of the spine.

Early recognition of scoliosis and early treatment are important to ward off severe progression of the curve. The School Nurse will be showing a film on scoliosis screening about a week before the actual screening is carried out. Parents will be contacted if there is any abnormality noted.

If parents have any questions about the film or the screening they can contact the School Nurse at the Health Department at 882-7506.

#### HEALTH AND WELFARE HAS PHONE FOR THE DEAF

The Idaho Department of Health and Welfare has installed a telephone system for the deaf in its central office in Boise. The system known as a TTY or TDD for Tele-Typewriter or Telecommunication Device for the Deaf, can be reached by dialing 334-4075 in Boise weekdays from 8 a. m. to 5 p. m. Mountain Time.

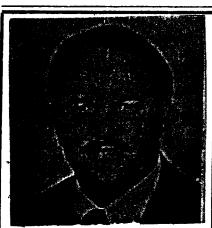

Collect calls to this number will be accepted from deaf persons in Idaho communities outside the Boise area, according to Judy Aitken, assistant affirmative action officer for the department.

In order to activate the device, which is located on the ninth floor of the State Office Tower, the deaf person must also have a TTY/TDD at his end of the line.

Messages are displayed on a small screen on the device. The department's TTY-TDD is also able to print out the messages on paper for a permanent record. Callers are informed, as required by law, when the printer is used. They may request that the call not be recorded.

Calls and messages from deaf persons needing any information or services from the department will be accepted at the 334-4075 number. If the deaf caller wishes to contact someone in one of the department's regional or field offices, for instance the message will be relayed to the proper person, as will the response back to the caller.

Aitken said that personnel at the 334-4075 number have been specially trained for communicating with the deaf and in dialing with some of the language barriers deaf persons may experience.

Attend Wedding at Kamiah—

The marriage of John Steigers and Laura Cruz was held at the Faith Lutheran Church at Kamiah on Saturday afternoon, March 20, before a host of friends from far and near! This was followed by a barbecue of pork and beef, accompanied by tables full of salads, drinks and the lovely wedding cake, outdoors at the home of the bride's parents. The weather was chilly, but rains "held off!" One incident causing some grief was the failure of baggage of one usher, Laura's brother Pete Cruz, to arrive properly, on time, when he came from Eugene, Oregon, where he attends school. Thus, not have the proper attire, his chore was performed by one of the groomsmen! Poor Pete!

Alvin and Mabel Steigers, Culdesac, the Kerr Steigers family, grand-parents Ernest and Nellie Steigers; all of the grooms family, except brother Michael in Korea, came from far and near-brother Jim driving over 1,300 miles from Pasadena, Calif., brother Bill, Jr., and family from Provo, Utah with sister Charlotte Sauer and little ring bearer son, David, from Salt Lake; Keith and Carolee Steigers, son Tim and his fiance, Trica Wicks, from the Missoula area and hosts of Laura's relatives from distant Washington State areas, etc.

A very pleasant fact was uncover-ed—at last we are "related" to Homer and Margaret Parks! Their grandson and Ernest and Nellie's grandson are married to Cruz sisters! Pictures and formal write-up of

the wedding in a later issue?
Shae Ahles, daughter of Marianne and Don Ahles of Genesee, was suffering all day at the wedding with ear problems! Little sister Jamie was very beautiful as a flower girl.

On Saturday, Ruth and Ardythe Heimgartner, with Laverne, visited in the home of her brother, Leslie and wife Delores.

Mr. and Mrs. Leslie Heimgartner drove upriver to the Clearwater area on Sunday, there visiting with rela-

The Lee Heimgartner family visited the past weekend at Kellogg in the home of Barb's sister and husband, Glenda and Syd Armstrong. Light snow still covered that area. Crystal Fliger and daughters enjoyed the girl's Moscow spring break of their school by spending their vacation with Brina Stevens at Stonypoint.

Enjoy Recent "Run" Diane Pettit took several youngsters to this event on Saturday morning. Later Hunt Hatch, brot some of them on to Kamish to enjoy the "outdoor feed" and fine live music provided at the barbecue, in the cool outside air. Tapping toes helped the circulation! Appetites needed no

such encouragement! Later that evening, many of the Steigers drove to the Hunt Hatch home and there were guests of Hunt and his mother Connie and aunt, Mildred Hatch, who reside with him

Sunday "Drop-In" Guests— Sunday mid-day callers at the

Cherrylane home of the Ernest Stelgers were grandparents of the new Mrs. John Stelgers (Laura, Cruz). This, couple, Herbert and Rhoda Williams, live near Edwall, Wn. A portion of a beautiful bridal bouquet shared with Nellie, by Rhoda, is a joy to behold!

Many contacted for news, had none to report. Sorry, these all seem to be Steigers. Mr. and Mrs. Wayne Heimgartner visited Sunday at the Lewiston home of her mother, Mrs. Hunter.

Visitors from Oregon-During the past week the following spent two days in the home of their nephew, Wayne Hoskins, of Cottonwood Creek.
