### letters to the editor ...

Editor:

A quote from Alan Stang's report of March 8, 1982, should be of interest to all citizens. In 1980, the American Legion adopted Resolution 773, which called for a Congressional investigation of the Trilateral Commission and the Council on Foreign Relations. Again in 1981, the Legionnaires proposed a resolution 243, which reads in part as follows: "Resolved by the American Legion that we demand, once more that the Congress of the United States launch a comprehensive investigation into the Trilateral Commission and the Council of Foreign Relations to determine what influence has been and is being exerted over the foreign policies of the United States." In August 1981, at their convention the Veterans of Foreign Wars approved Resolution 460, which says "Be it resolved by the Eighty Second National Convention of VFW that a joint congressional Select Committee, drawn from the Judiciary and Foreign Affairs of both House of Congress under the Chairmanship of Senator Storm Thurmond, of the Senate Judiciary Committee, be called into being to assess the influence of the Council on Foreign Relations and Trilateral Commission 'net work' upon the foreign and domestic policies of the United States and report their findings to the American people." When two such organizations as

large and substantial as the American Legion and the V. F. W. take such action it should be news! But the national press gave it the usual black out! Why!

Harold E. Horn, Troy, Idaho

**UI** Develops Another Short-Season Tomato Kyle Johnson

Moscow-A ninth short-season tomato variety has been developed and and recently released by the UI. Ida Gold, developed by UI horticulture professor Arthur A. Boe and Margaret I. Luckman, is an ultra early yellow tomato for use in cool summer areas.

"We were primarily just trying to put the yellow color in," said Boe who has also developed the 8 other varieties released by the UI. "It had the earliest bearing fruit and had the best quality."

Ida Gold is made from a cross between the Sub Arctic Midi and the Golden Delight. It has the ultraearly characteristic of the Sub Arctic Midi and the color of the Golden Delight, Boe said.

### Norma Dobler Announces Candidacy

Norma Dobler, (D) District 5, April 1, announced her candidacy for a fourth term in the Idaho Senate. She served two terms in the House of Representatives before moving to the Senate.

to her constituents and believes that

been involved in many volunteer

About 5,000 postpaid, self-address-

ed report cards have been mailed

Information compiled in the annual survey is used to help formulate management recommendations for future seasons. 

Spring Turkey Season Printed regulations are available for the 1982 spring turkey season, which opens April 24 and runs thru May 2 in nine management units, according to the Department of Fish and Game.

Bag and season limit is one wild, bearded turkey and shotguns or long bows are allowed. The season will be open in units 11, 13, 14, 18, 19A, 22, 23, 32A and 39. The units generally lie near the

western Idaho border from Lewis County south to the Council area and unit 39, east of Boise.

Seed is available to commercial seed companies from the North Idaho Foundation Seed Association, 715 S. Hayes St., Moscow, Id. 83843.

About Your Social Security----

### **Earnings Reports Due April 15**

People who received at least one Social Security check in 1981 and who earned more than the annual amount last year have until April 15 to file an annual report of their 1981 earnings, Ila Andrews Social Security field representative in Pullman, said recently.

The 1981 annual exempt amount was \$4,400 for people 65 or over and \$4,080 for people under 65 all of 1981. A person who was 72 or older all of 1981 does not have to make a report. Neither do people who receive benefits because of disability, since different rules apply.

A person who did not receive any checks in 1981 because of expected earnings does not have to make a report of his or her earning. But, if those earnings were less than expected, it would be in that person's best interest to make a report.

This is because just \$1 in benefit is withheld for every \$2 of earnings above the annual exempt amount. It could be that some benefits may be due. If they are, they will be paid after the annual report is reviewed.

Most people who have to make a report of their 1981 earnings have already received a form for this purpose in the mail. Those who did not receive an annual report form or those who misplaced the one they did receive can get a copy at any Social Security office.

The people there will be glad to answer any questions about the annual report of earnings. The Pullman Social Security office is located at the Professional Mall, S. E. 1205 Johnson Ave., Pullman, Wa. 99163. Also, they can call the tollfree number 1-800-562-6350 if they live in Washington or 1-800-632-5121 if they live in Idaho.

#### Hunter Report Cards Okay, bird hunters, it's time for

the annual quiz-and it will take only a minute or two.

License holders in the random sample prepared by the Department of Fish and Game are being asked to report their success-or lack of itwhen they hunted upland game and migratory birds last year.

State game bird manager Dick Norell says 13,543 postpaid report cards have been mailed. They represent about 5 percent of the resi-
