JULIAETTA SCHOOL NEWS

Juliaetta First Graders Helped Design Teacher's Skirt

The first graders at the Juliaetta Elementary helped their teacher, Mrs. Weyen, put the finishing touches on a skirt she had made. Each child made a picture or design (with their name on it) on a piece of paper using fabric crayons, then their pic-

tures were ironed onto the skirt. When Mrs. Weyen wore the skirt to school, it was fun for each child to find their picture.

Everyone was happy with the finished product!

Thanks to the Garden Club-

The staff and students of the Juliaetta Elementary School would like to thank the Hill and Valley Garden Club for donating trees to help beautify our school grounds. The garden club donated \$100 to match district funds to help with this project. Special thanks go to Margorie Wilken and Donna Weyen for donating time to help us select sites for planting. Several types of trees were planted including maple, hawthorn, dog-

wood and sunburst locust. Some shrubs will be planted as the funds become available. Again, thank you to every member of the Hill & Valley Garden club for your donation of time and money.

Label Drive News-Our Campbell label-drive collection will be officially opening Nov. 15. We're off to a good start with over 3,000 labels already collected and several bonus offers on the way. Watch for more details in next week's Gazette and keep saving those labels.

New Physical Fitness Course-. The Juliaetta Elementary School

is the happy recipient of a new physical fitness course. During this past summer, Robert Jones and crew put in almost 200 man-hours planning and building the course. Some of the "stations" in the course were already there but needed to be remodeled or repaired. Other stations were put in completely new. The course now includes a wall climb, tire trots, pushup bar, parallel bars, balance beam and stump walk. The students will gain both in coordination and endurance from using this course.

\ Many thanks to Robert, his dad. David Jones, and all the others who helped to get the work done.

Robert initiated this project for his Eagle Scout award.

CARD OF THANKS

My heartfelt thank you to all of my friends, neighbors, teachers, and students for your many cards, letters, flowers, gifts, calls, visits, and other kind remembrances when I was sick and in the hospital.

All of these thoughtful gestures meant so much to me and helped speed my recovery. I will always be grateful for them.

A special thanks to those whose repeated performances and prayers were with me during a long, drawnout convalescence.

May God Bless you all. Regina Schooler 1t45p

Thanks to Garden Club-

The staff and students of the Elementary School would really like to thank the Hill and Valley Garden Club for the help given us in landscaping the school grounds. The Garden Club has donated \$100 and the district gave \$100 to go toward the landscaping. In addition, Garden Club members have donated time to help decide attractive locations to plant the trees. Special thanks go to Marjorie Wilken, Donna Weyen and Joyce Brammer for their extra help. Sixteen trees have been planted so far. We planted some maples, locust, dogwood, mountain ash and Hawthorne trees. More shrubbery will be planted as the funds become available. A great big "Thanks" to all the members of the Hill and Valley Garden Club. We really appreciate your time and effort and donation.
