Locust Tree Blooms In Kendrick—In July!

In the "Believe it or not!" category is the fact that there is a Locust tree blooming in Kendrick this week. Really! This type of tree, that usually blossoms in middle and late May and is also always finished in early June apparently has one confused specimen that is blossoming in back of the Antelope Inn and Bob's Garage this week.

It is also strange that the tree and its weird behavior went unreported until John Wilson and his wife noticed it while out on an evening walk.

John wouldn't hazard a guess as to why this tree decided to bloom, but Doug Sloan at the Antelope Inn said he just wasn't ready for another Locust Blossom Festival this soon after the last one.

Annual Grange Picnic Was Well-Attended

The annual Grange picnic on July 19 was well-attended by 28 Grange members and 3 visitors: Mrs. Ted Meske, her daughter, Kirsten Jensen, Ryan Wilson and Muriel Schoeffler.

The food was delicious and plentiful, thanks to our many good cooks. The hospitality was exceptional, and was hosted by Mr. and Mrs. Manning Onstott.

Lecturer Ross Armitage introduced Gene Taylor who read a recitation about the 4th of July and patriotism. Ross then presented Kirsten Jensen with a certificate award as outstanding athlete. Kirsten took three first place trophies in the state track meet in Boise this year.

The group then proceeded to the Grange Hall and opened lodge to drape the Charter for our departed Brothers Dick Blewett and Nora Callison.

Lodge was closed and members and guests departed with many pleasant memories of July 19.

Paul and Rose Parks to be Honored on Anniversary

Paul and Rose Parks will be honored at a reception July 31 at St. John's Lutheran Church from 2 to 5 p. m. in observance of their 50th wedding anniversary.

A short program is planned from 4-4:30 p. m.

Janet and Alyson and Bob Bain of Moscow visited in the evening at the Westendahl home.

Janet left early Monday morning for Eugene, Oregon to attend a 4-day work shop on working with gifted children. Janet was a delegate from the Mead School districts.

Archie Candler returned Saturday, July 16 from Barcelona, Spain where he enjoyed taking some classes at a University there the past three months, leaving from Spokane April 6. While in the area Archie took an eleven-day tour of Portugal before returning home via New York and Seattle, spending some time in each place enroute.

Lightning Caused 3-Hour Power Outage In Kendrick

Kendrick and some outlying areas were without electrical power for three hours Sunday afternoon when lightning struck a power pole and disrupted service between Juliaetta and Kendrick.

The power went off in town at 3:15 p. m. and was not restored until 8:15 that same evening.

The thunder and lightning came with one of several storms that crossed the region these past seven days, bringing thunder, lightning, strong winds, hail in some places, but fortunately for the farmers, very little rain. Harvest is just getting underway in the area with peas and some barley coming in. Farmers with hay in the fields have had a constant battle with the weather in their attempts to get the hay cut and baled.

The storms also brought an end to a brief period of hot weather. The temperatures have been unusually cool this summer. Lewiston recorded a couple of days of 100-degree temperatures, but Kendrick was, at the most, seen only 90-plus mercury readings.

Four KHS Classes Held Successful Weekend Reunions

Four Kendrick High School graduating classes—1962, '63, '64, and '65—celebrated and reminisced at a combined class reunion held at the V. F. W. Hall Saturday evening, July 23.

A delicious dinner was served by ladies of the Baker-Lud Post 3913 Auxiliary under the supervision of Mrs. Hazel Candler.

Following dinner, D. E. (Skip) Chilberg acted as Master of Ceremonies for the reunion program.

Guests of honor for the evening were former teachers and administrators of Kendrick High School. They included Mr. and Mrs. James V. Muscat of Gooding; Mr. and Mrs. Norman Lewis of Coeur d'Alene; Mr. and Mrs. Dennis Raeford of Deary; Mrs. Elsie Deobald of Kendrick and Mr. George Merrick of Juliaetta.

During the program, a memorial was held to honor Mrs. Doris Merrick, Mr. Douglas Christensen, Mr. Gerald Ingle, Larry Corkill, Harry Riley, Edward Jones, and Donna Johnson Cady. Charles Lyons sang an appropriate song, "Old Friends."

Awards were presented in several categories by Richard Abrams. Those winning awards for traveling the farthest to attend were: Carol Waddington Miller from Placentia, California; LaVetta Thornton Nelson and LaVella Thornton Lewis from Vancouver, Wash.; Mary Meske Abits from Seattle, Wash.; and Carolyn Helton Churchhill from Charleston, Maine.

Other classmates attending from outside the immediate vicinity were Skip Chilberg, Veradale, Wash.; Jeanette Cuddy Eborall, Coeur d'Alene; David Eldridge, Stanwood, Wash.; Dee Magnuson Morton, Emmett, Idaho; Tom and Sherry Jeffreys Thornton, Enterprise, Oregon; Rosalie Maio Dancaescu, Seattle, Wash.; Roger and Carolyn Holt Nelson, Moses Lake, Wash.; Bonnie Strohn Mitchell, Sagle, Idaho; David Gertje, Spokane; Jillian Wegner Knudsen, Lynnwood, Wash.; Andrea Cox Field, Boise, Idaho; Linda Swan Haugen, Hamilton, Montana, and Pat Wharton Taylor, Portland, Oregon.

Following dinner the band "Cedar Ridge" played for the dance.

The organizational committee consisted of Sally Glenn Browning, 1962; Sharon Fey Harris, 1963; Fred Sillow, 1964; and Elaine Weyen Hoisington, 1965.

The weather held good for a potluck picnic in the Kendrick Park on Sunday which concluded the reunion.

Two members of the Class of 1962 who had planned to attend and then were forced to change their plans were Judy Cuddy Clark and Jack Sherman.

Judy's sons had the honor of winning a trip to the National Rodeo competition.

Jack's oldest son, Link, was the victim of a freak accident which left him critically injured. He is now recuperating in Montana, but is no longer in the intensive care unit.

Area Food Bank Distributor Could Use Some Help—

The Valley Food Bank distribution point in Juliaetta asks for volunteers that would be willing to use their time and telephone to take calls from people that want information about the food bank. Kathy Groseclose is the distributor but does not have time to take the calls. She asks that you call only if you are able to use your time and phone.

New Dialing Service To Be Delayed

The "0-Plus..." dialing service which was scheduled to go into effect for Juliaetta telephone subscribers on July 18th has been delayed due to AT&T long lines complications and will probably be put into use sometime within the next week, according to a Pacific Northwest Bell representative. Kendrick subscribers will begin "0-Plus" dialing in approximately 2 weeks.

This service will be used only when placing calls which require operator assistance; person-to-person, collect, third number billing, calling (credit) card calls and time and charge calls. For all other direct dial long distance calling the procedures will remain as it has been in the past. Simply dial "1" and the number you are calling.

Repair service and time of day will no longer be handled through the operator.

For non-emergency repair customers will call the business office, 289-5701. Calls made outside the regular business hours will be answered by a recording, allowing the customer to leave a recorded message.

Emergencies, such as fire, police calls, etc., may still be reported by dialing "0" and giving the necessary information to the operator.

Small Grain Harvest Just Getting Started

The first of the 1983 peas and small grain harvest got off to a slow start last week and although deliveries have been coming into local warehouses, most of the farmers are waiting for warmer, dryer weather to hasten the ripening of their peas, wheat and barley.

Dean Brocke, of Brocke and Sons in Kendrick reported the most activity as he said the early peas, small sieve Alaskas, were coming in at a good rate, mostly from American Ridge and the lower Potlatch Ridge area. The first of the peas came in to Brocke warehouses last Monday, July 18, and the harvest has been picking up steadily.

"They're looking better than we thought they would," said Dean as he commented on the quality of the peas. There was a period of hot weather this spring just when the peas were blooming and there was some fear among the farmers that the heat might hurt the yields but apparently this has not been the case. Brocke also reported that a little rape seed has also been delivered.

"Just starting," was the report on harvest deliveries to Kendrick Rochdale, from one of the managers, Mary Bell Larson Tuesday morning. Mrs. Larson said a few peas and a little barley had come in Friday and Saturday. She said the peas brought in so far are looking good.

"We just need for it to warm up and no rain—and we'll be going," Mary Bell said.

The first wheat came in Sunday at the Juliaetta warehouse of Lewiston Grain Growers, manager Howard Hoffman reported Tuesday. The wheat had been cut on lower Potlatch Ridge and "looked pretty fair—and yielded pretty well," Howard said. Some small amounts of barley have been going into the Kendrick LGG warehouses.

It was also noticed Tuesday mid-day that peas were being cut on Elk Ridge and some farmers on the rim near Genesee have already finished up their peas. Some unexpectedly good yields—2300 lbs to 3,000 lbs. were heard in that section.

Quilting Course May Be Offered In Kendrick

If enough people are interested, Mrs. Ted Maxwell from Lewiston will come to Kendrick to demonstrate and teach several quilting techniques. I need 8 to 10 people to sign up to take the 2 to 4 hour course. As soon as I have enough people signed up we will set up the date and time. There may be a choice of what you could learn. If you would like to see samples of her work or see the book of techniques to choose from, please call Dorothy Grant 289-5347 or talk to Lisa Hutcheson. Please call soon as space for the class will be limited.

Idaho Water Users Claims Total 7,732

Boise—Idaho water users filed after June 30, 1983. Maybe these program which ended June 30, according to A. Kenneth Dunn, director, Idaho Department of Water Resources (IDWR). Almost one-third, 2,545, were filed in the last month of the program he said.

In addition, 10,391 applications for permits to appropriate water were filed in the five-year period, with 1,182 filed in June alone. Applications cover groundwater rights developed after March 25, 1983, or surface water rights developed after May 20, 1971. Claims can be filed on water uses established prior to these dates.

The legislature passed the law requiring the recording of all unrecorded water rights for three reasons, Dunn said. First, a water right filed with the Department of Water Resources becomes a matter of written record. Documentation is easily obtained if required by a court in a water right adjudication process. Second, the state will have a good indication of water amounts used in any given area, to aid in water administration. Third, filings aid planners in determining long range management practices for the

wise use of the resource.
Most of the 2,545 claims filed in June, 1983, were from the western region, south of Grangeville, north of the Nevada border, and east of Oregon to Twin Falls county. 1,025 water rights claims were taken in this area alone, Dunn said.
"We expected the most filings in the northern and in the eastern part of the state," the director said. "However, in Coeur d'Alene, 576 rights were recorded, with 600 accepted in Idaho Falls. In Twin Falls staff took 344 classes."

Water resources officials had estimated that 34,000 water rights were unrecorded when the program began in 1978. When asked about the approximate difference of 26,000 claims between the estimate and the actual claims filed, Dunn offered several explanations.

"First, in spite of all the publicity and advertising we did, many water users who have expanded use under a recorded water right were unaware of the need to file a claim for the additional use. Second, perhaps many people knew about the program and also were aware that the Idaho Legislature this year extended the program another two years, with the financial penalty for filing after June 30, 1983. Maybe these water users felt they could better afford the higher filing fee later, while they could not really afford the \$30 fee now."

COMMISSION EXPRESSES CONCERN ABOUT FEDERAL LAND SALES

The Fish and Game Commission has expressed "deep concern" for impacts on Idaho fish and wildlife that could come from the federal program for the sale of public lands.

A position paper adopted by the commission during its recent meeting in Idaho Falls (July 8) called for careful determination of all outdoor recreational values in considering disposal of such lands.

Commissioners listed values that included "fish, wildlife, watershed, public access, hunting, trapping or fishing."

Any proposed disposal of public lands should be planned in cooperation with the Department of Fish & Game and with "opportunity for evaluation and comment" by the department and the public, the position paper stated.

It pointed out that the 33 million acres of public land managed by the U. S. Bureau of Land Management and Forest Service—64 percent of the state's area—are one of Idaho's greatest assets.

"These lands support most of the 6 million days of public hunting and angling enjoyed by approximately half of Idaho's citizens who participate in these recreational activities."

In related action, the commission reaffirmed its position that roadless areas with significant fish, wildlife, hunting and fishing values be class-

ified as wilderness if such designation offered the "best option for protection and management."

The commission specifically emphasized the need for classifying the remaining roadless area on the Kelly Creek drainage in Clearwater County as wilderness to protect a valuable cutthroat trout fishery and the backcountry hunting experience.

Other areas proposed for inclusion in any state wilderness bill were those recommended during the Rare II process in 1979, less areas added later in the River of No Return Wilderness.

Also excluded from the commission's proposal for wilderness areas would be that portion of Mallard-Larkin country in northern Idaho which is being considered for a land exchange with Burlington Northern, Inc.

EMERGENCY TREATMENT FOR INSECT STINGS

A family softball game in the park is typical summertime fun. There goes Johnny, slipping over the clover to catch a fly ball.

"Ouch Ow. A bee just stung me." Everyone hurries to help. The bee left a stinger; it's gently scraped out. The sting area is washed, an ice pack is put together and Johnny is told to rest awhile. Usually, that's all the first aid that a victim of an insect sting needs. But for those who are highly sensitive to the venom of bees, wasps, hornets and yellow jackets, a sting may cause an allergic reaction that requires prompt medical attention or even the use of life-sustaining equipment.

Perhaps the best source of immediate help when a sting brings on an allergic reaction is the emergency sting treatment kit. The treatment kit isn't a substitute for professional, medical care; it simply relieves allergy symptoms until the victim can be taken to a doctor or a hospital. Nor is the kit intended for all sting situations; it's used only for treating an allergic reaction during an emergency. The distinction here, is between local reactions, like Johnny's which, affect only the area around the sting site, and severe allergic reactions, which can interfere with one or more of the body's life-sustaining functions, such as breath-

1983.

The Board of Trustees reserves the right to reject any or all bids or to accept the one deemed best for the School District and to waive any technicality.

INVITATION TO BID

The Board of Trustees of School District No. 282 will consider in conjunction with the City of Genesee, bids for gas and furnace oil for the year 1983-84.

The gas should be bid as regular gas. The school district will use approximately 12-14 thousand gallons during the year. The City of Genesee will use approximately two thousand gallons during the year.

The furnace oil should be bid as No. 1 oil the district will use approximately two thousand gallons during the year.

All bids should be in the Superintendent's office by 12:00 o'clock P. M. August 8, 1983. Bids will be considered at the regular meeting August 8, 1983.

ing or blood circulation and are usually characterized by shortness of breath, extreme pallor around the lips and palpitations (rapid heart beat). The treatment kit isn't needed, and, in fact isn't effective, when the reaction is local. But when allergies are involved the kit can be a lifesaver, which is why allergic persons should carry a kit with them at all times. Fortunately, the risk of death from allergic reactions to insect stings is very low, especially among children.

Most sting treatment kits contain drugs that relieve allergy symptoms: epinephrine, in a syringe ready for injection, and ephedrine and antihistamines, which are taken by mouth. You'll need a doctor's prescription to obtain a kit, and the doctor will tell you how to use it and how the drugs that it contains work to improve breathing and inhibit the allergic reaction. A tourniquet will be supplied, too, with instructions for applying it that should be followed carefully, to avoid impairing blood circulation.

Other items that you might add to the kit are tweezers or a razor blade, for scraping away the stinger (squeezing or pulling may cause the venom sac at the end of the stinger to release more venom); a second tourniquet, in case of multiple stings; alcohol swabs or towels, for cleansing the sting site; and coins for summoning help at a pay telephone. Think about buying more than one kit—maybe a kit for your home, one for the office and one for a relative's home. The idea is to have a kit close at hand, for rapid use when you need it. You might also encourage personnel at your local swimming pool and neighborhood school to include a treatment kit as a regular part of their first aid supplies.

Store kits in a readily accessible, cool place, away from lights. Refrigerators are best. Check the syringe periodically and discard it if the solution has turned brown. Replace the filled syringe at least once every year.

Having a kit on hand and knowing how to use it is important, but avoiding stings in the first place is even better. Most allergic reactions to stings are caused by the hymenoptera variety of insect—bees, wasps, hornets, yellow jackets and fire ants which presently live only in the southeastern U. S. Other kinds of insects, such as black flies, also can cause allergic reactions in some people. By reading about the habitats are individual traits of these insects allergic persons can learn how to avoid them, or if need be, how to identify the attacker, should bee sting occur.

Other precautions afford additional protection to the allergic person. A Medic Alert tag is invaluable

BIKE-A-THON A SUCCESS

This year's bike-a-thon which was held in Genesee was truly a success. The money has been collected and is on its way to Boise to the Idaho Cystic Fibrosis Foundation. A bike-a-thon generally takes much time and effort, a considerable amount of which could never have been completed if not for the help of the Genesee F. H. A. headed by Mrs. Chris Turner.

A special thanks to the local businesses and individuals of Genesee who bestowed donations in the form of money consequently making the purchase of prizes possible.

Mr. and Mrs. Roger Kinyon, Pastime Tavern, Corner Bar, Springer Insurance, Genesee Union, Broemelng Welding Shop, PureGro, Thrift Food Store.

Their donations were greatly appreciated and helped make the ride a success. I would also like to thank the riders (the most important element of a bike-a-thon) for their time and appreciation.

Thank you very much.

when worn by a person who has fainted during a reaction. These tags, available from pharmacies and many local stores, explain that the wearer has an allergy to certain insect venom and needs prompt treatment. Carrying a pocket-sized epinephrine inhaler is a good idea, too. It could help in reducing swelling of the throat, which may occur during a reaction.

Nellie Dean Steigers

Our Mildred Heath is doing very well at present, according to reports from daughter Flora and husband Forest Gibbs, who were with her this past weekend. A trip to her Lewiston foot doctor on Monday, July 25, was made. Edgar and Ruth Heath of Nezperce were again her Sunday visitors. Inez Inghram visited on Monday night, July 18, and daughter Norma Rugg and Lisa came on Wednesday.

A happy item was the fact that Mr. and Mrs. Ray Evans came by car from their Utah home one day last week, and Ray can now walk a little! The couple journeyed on to the Kennewick home of their married daughter later.

Mrs. Sharon Thulon of Hubbard Gulch, on a recent hot July 22nd, walked bravely down to Cherrylane for a first visit with the Ernest Steigers! She visited with Mildred Heath going and returning. A very pleasant little "new" neighbor they had not had the pleasure of knowing! Almost two years the Thulon's have lived in our neighborhood! On lower Hubbard Gulch.

Steve Pettit has been confined to St. Joseph Hospital for therapy to relieve his asthmatic condition recently. A young nephew, Jed Magee of New Mexico is spending a happy two weeks with Kelly Pettit. The two youngsters are of the same age! Cousins do have fun together!

Saturday a Busy Day—
On July 23 a. m.—4 visiting cars were parked on the E. Steigers yard. Mr. and Mrs. Don Coulter, bringing her brother, Loren Ratliff back from attending the funeral of Lily Ratliff in the Seattle area; Bob and Nina Coffland of Joel; Linda and Bekalyn Steigers, and David Steigers all visited that day.

Hilltop news seems rather scarce this "gathering".

Our Beatrice Hoisington can now sit on her home front porch, according to good daughter-in-law Katy Maund Hoisington, who is her working guest, often! Daughter Vivian Blair was among Bea's guests last week, from Lewiston. We all rejoice when favorable health reports are given.

As usual, Gertrude Heimgartner and Erma Stevens were among the visitors of Mystie Heimgartner at Lewiston during the week.

Guests at the Glen Stevens Home—
Mrs. Carol Glass of Boise, enroute to the home of Linda Bakke, at Sandpoint, and to attend an art seminar at Bonners Ferry, was an overnight Saturday guest of her sister, Marjory Stevens. Mother Effie Powell was with her 2 daughters on Saturday night and Sunday.

Many of our hilltop residents are busy in pea harvest. Lee Heath's crew busily hauls peas to the Cherrylane storage.

Busy Ruth and Wayne—
Michael Frost, 12-year-old, from Anchorage, Alaska, spent the past week at the Wayne Heimgartner home. On Saturday, Bill and Laverne Harri of Clarkston, accompanied by Lily McCall were dinner guests and took young Michael back with them. Small Hailey and Kylee Heimgartner were also guests.

On Wednesday, July 20, Ruth, assisted by Nell Heimgartner, worked on "stuffed toys" with a group of youngsters for a Grange project at the senior citizen hall in Kendrick. Young Holli and Brady Stevens, with many others, have been participating in swimming lessons at the Kendrick pool all the past week.

Visitors from California—
Mr. and Mrs. Lavern Gummow, brother of Delores Heimgartner, whose trailer camper was parked at Wigwam Campgrounds, above Lenore, has been visiting on Stonypoint from Friday July 22, for 3 days, before driving on to the Clearwater area for some time with relatives in the upper (Kooskia) area.

A weekend trip to Missoula was made by Ken Steigers and son Brant, returning Sunday eve, where they enjoyed guests from Oregon, at the home of Ernest and Nellie Steigers. Don Mickel, second cousin of Nellie, employed on a road project in the Enterprise, Oregon area, surprised this family by arriving unexpectedly on Sunday a. m. for a day's visit. He was greeted with word that his older brother 'Mike' Mickel and wife Mary Helen, would arrive at Cherrylane on Sunday eve. from Eugene, Oregon—the home of all. Don departed, under lowering skies, and by great good luck, met the Brother's camper in Anatone Wash. This couple had driven to Joseph, Oregon, enjoyed the 'lift' there, and located Don's truck and camper at the road construction camp where Don works, only to be told he'd left to spend Sunday with relatives in the Lewiston area!

Mike and Helen spent a few days with the Steigers, early this week! They encountered signs of strong winds and large hail stones. Perhaps the road camp was located in the "hurricane gulch" of that area!

Kelly Is 9 Years Old!

Kelly Pettit and his young visiting cousin, Jed Magee, from New Mexico, were treated to a 'fun day of water' at Lake Coeur d'Alene, on Monday, by good neighbor Linda Steigers and Brant! That morning Steve Pettit's car was delivered to St. Joseph's Hospital where Steve, on dismissal, planned to drive on to his work at the Fish and Game Department at Lewiston.

Marianne Ahles and children Shae, Joshua and 'Jamie' of Genesee, with Shae's girl friend Vickey Reicher, spent Saturday, July 23, at Cherrylane giving grandma Nellie a soft permanent. Marianne drove on to Lewiston for supper with her parents Bill and Mary Steigers, where she met brother John and wife Laura, just arrived from California for a visit there and at Kamiah with Laura's parents Dr. and Mrs. Cruz. John is an ensign on a Navy nuclear submarine.

Phoned in long distance from Wanda Hoskins—at last minute—so if errors, please forgive—Nellie!

Visits from Monrovia, Liberia—

Mrs. Sharon Johnston and 4 children from Monrovia Liberia (in Africa), missionaries there, came for a visit with her parents, Mr. and Mrs. Wayne Hoskins of Cottonwood Creek. The missionary husband remained in Liberia. Sharon and children took mother Wanda to Salem, Oregon, for 3 days and to Hermiston, Oregon, for another 3 days, visiting "in-laws", then returned to Cottonwood Creek. With sister Wanetta Heimgartner, the young ladies enjoyed 'Crazy Days' at Lewiston and Moscow, purchasing supplies for the mission in Africa, where it is difficult to obtain same. (Grandmother Wanda, entertaining the 7 grandchildren at home, enjoyed 'Crazy Days' too, but happy!) —my comment, Nellie!

American Ridge

By Julie Heimgartner

Tuesday visitors of Walt and Babe Bencoter and helping Babe celebrate her birthday anniversary were Tom and Wilma Green, Diane Dupea, Nancy Nye and Stephen VanHouten, Mabel Callison, Penny, Kim and Aurelle Dickson of Las Vegas, Nev., and Dick and MaryBeth McCall.

Jack Bencoter was a Wednesday supper guest of his parents, Babe and Walt Bencoter.

Thursday callers of the Bencoters were Iva Johns, Carol Wadlington Miller and daughter of California.

Londa and Randy Sexton of Pocatello were Saturday visitors of Rena and Ernie Andrews.

Dick and Vicky Bencoter were Wednesday overnight guests of Dee and Jerry Saling in Spokane.

Thursday afternoon, Vicky Bencoter attended the Evergreen Friendship Club meeting at the home of Reatha Sundstrom at Deary.

Ann Turner and Jo Bencoter were Friday visitors of Vicky Bencoter.

Jo Bencoter was a Monday caller of Nell Heimgartner at Juliaetta.

Helen Mattoon of Moscow was a Tuesday luncheon guest of Jo's.

Don Bencoter of Sweetwater spent Friday spraying and hoeing around Jo's house. He was also a supper guest of his mother that evening.

Saturday Sherrie and Tyson Smith of Sweetwater visited with Andy and Minnie Cox and Andy Sue Reed and her daughters.

Andy Sue Reed and daughters of Boise visited Tuesday through Monday morning at the Andy Cox home. Andy Sue attended her class reunion Saturday evening and a family picnic on Sunday.

Peg and Pat Neal of Moscow were Sunday afternoon guests of the Coxes.

Minnie Cox and Andy Sue Reed and girls called on Mabel Callison and Jo Bencoter Saturday afternoon.

Thursday visitors of the Andy Coxes were Nell Crocker and Pat Johnson and son Gavin.

David and Crystal Neal and children attended a barbecue at the home of Dee and Sue Kossman near Troy Sunday.

The Neal family also enjoyed visiting with Andy Sue Reed and girls during their visit here.

Bob and Judy Callison attended his class reunion dinner and dance Saturday evening. On Sunday the Callison family attended the reunion picnic in the Kendrick Park.

Jo Bencoter will be doing the American Ridge news for the month of August. Her phone number is 289-4120 if you want to call her with your news.

Beef Jerky Demonstration At Genesee Library July 29

A beef jerky demonstration will be presented at 2 p. m. on Friday, July 29 by Wendy Ringe of Genesee. The public is cordially invited to attend.

The Genesee Community Library carnival in the park will be Wednesday, August 3 to celebrate the library's Summer Reading Program, "Your Choice of Magic."

Participants are urged to wear old shorts as some of the games may be involved with water. The party will be held at 1:30 to 3 at the park near the library.

Our summer readers for this week who have finished requirements and received a paperback book are Andy Rosch, Doug Revord, Diane McCorkle, Kimberly and Jody Getz and Tonia Flodin.

THANK YOU

I would like to thank all the ladies who attended my bridal shower at Bear Ridge Community hall June 25. It was very nice and I really appreciated it. The gifts and cards were all lovely and thoughtful. It was especially enjoyable getting to meet a lot of you whom I will be living with in the same community. I would like to extend a special Thank You to all those who organized and worked so hard to make it such a lovely and memorial event.

Sincerely,
Donna Ingle

CCC's 50th Reunion

Mrs. Dean Carrioco of Moscow called Tuesday and asked to have the following notice in this week's paper:

There will be a 50th reunion of the C. C. C.'s (1933-1983) on July 30-31 at Jamestown, N. D. 3,680,000 acres were worked by 3 million men in 9 1/2 years, at a cost of \$1,550 per man.

Anyone wishing more information may call 701-223-065.

Kendrick Campers Plan For South Fork Outing

Members of the Kendrick Camper Klub met in the park Monday evening for the regular monthly potluck dinner and business meeting with 15 members and 5 guests present.

The next campout, the South Fork for July 29-30-31, was left as scheduled.

Three new members were accepted — Perry and Mary Bell Larson and Muriel Schoeffler. We are most happy to have them in our group. The evening was spent visiting.
