Kendrick schools set parent-teacher conferences March 28-29

Parent/Teacher conferences are going to be held at the Kendrick High School the evening of March 28, from 6:30 to 9:30, and on Friday, March 29 from 8:30 a. m. to 1:00 p. m. Again the evening session is being used so that working parents may participate in conferences. On Friday, parents or parent who don't work, if you could plan on being in at this time, it would give everyone a chance to visit with your child's teacher. By providing the evening session we are hoping to see the parents who haven't been able to attend in the past.

Conferences will again be held in the gym. Each teacher will occupy an area and meet with the parents in these areas. Setting up a scheduled time to meet with each teacher will not be necessary this year, but if you prefer, an appointment can be arranged on another day.

Because of OEA, FHA, and FFA state conferences, Mr. Henderson, Mrs. Hoogland, and Mr. Rush will be away from school Thursday and Friday. Parents who wish to talk with any of these teachers should call the school and a conference can be arranged the week following Spring break.

Glenn services held Thursday in Lewiston

Brower-Wann's Memorial Chapel in Lewiston was overflowing with the friends of Roy Glenn, who had come to pay their last respects to the popular and beloved man who died Monday, March 18 at his home in Kendrick. Services were at 10:30, Thursday, March 21.

Rev. David Vander Does, pastor of the Kendrick Community United Methodist Church officiated. The organist was Mrs. Alberta Turner and Doug and Amy Lohman sang "How Great Thou Art", and "In the Garden".

Casket bearers were Roy's grandsons, Dale Taylor, Mike May, Pat May, Chad Easterbrook, John May, Galen Browning and Glenn Heimgartner.

Burial was at Fix Ridge Cemetery above Juliaetta.

He had it all—not just because he was the world's greatest—Santa Claus.

A gift of gab—he'd tell a tale and in between he'd cry a sale.

He never knew a stranger—never forgot a friend, he'd meet you at the door and say, "Come on in".

Out to do the chores—with his hands folded behind, he would have his tongue in his cheek—or whistle Clementine.

With never a loss for words—and a cute little smile he'd always say—"Ma and I can only stay for just awhile."

He'll be staying now in heaven—with God's very special men and when we go to heaven—Roy Glenn will be there to say, "Come on in."

Tigers Drop Two Games as Baseball begins

Even though the Kendrick High School baseball team had to travel through rain and snow last Friday, the sun was shining at Kamiah for the Tigers first (non-league) game of the season.

The score of 14-5 indicated a worse loss for Kendrick that what was fact. Grant it, the fielding errors and mental mistakes were costly; but the score could well have been just 4-1 after taking first-game jitters, shuffling players for spots, the inexperience and youth of the team into consideration.

Still, with a more experienced Kamiah team, the Tigers gathered hits by sophomore John Gravelle, freshman Brendon Millard, and two by sophomore Brian Parks. Senior Rob Vincent, John Gravelle, and freshman Ron Hewett worked on the mound.

According to Coach Jay Henderson, it was good to get a feel for game play. He's optimistic for the newly reactivated Tiger baseball club in its second year. "We're young," the coach emphasizes and in the same breath he adds, "But we're going to have a good season."

Aggressive playing, good hitting, and gutsy pitching for the KHS baseball team almost meant handing an upset to the Lapwai Wildcats Monday afternoon in Lapwai.

Key plays like the diving, rolling catch by leftfielder Brian Parks; a pick-off play at third by catcher Jim Woods and third baseman John Gravelle; a suicide squeeze play with a bunt by Brendon Millard as Rob Vincent scored at home plate—threatened Lapwai's chances to walk away with any win.

The Tiger bats repeatedly with hits throughout the game. While Rob Vincent enjoyed a double, Jim Woods collected two hits with his bat. Other hitters included Ron Hewett, Tom Woods, Robert Jones, Brendon Millard, and Brian Parks. And despite the disputedly inconsistent strike zone, the pitching duo of senior Rob Vincent and sophomore John Gravelle executed gutsy performances on the mound.

Then, only when Lapwai had to call on their ace Dave Covey for relief to slow the Tigers bats did the Wildcats see any hope. And even then, time almost ran out until the last inning when Lapwai took the lead for the first time to win 11-10.

If this first league game is any indication of what lies ahead, it looks like it's going to be a fun, exciting, successful season for the young Kendrick baseball club under Coach Henderson and for Tiger fans to follow.

The next Tiger game is scheduled for Tuesday, April 2nd with Highland in Kendrick at 4:00 p. m.

Clemenhagen-Ellesch wedding in Payette March 15

Max Clemenhagen and Judy Ellesch were united in marriage Friday, March 15 at Payette, Idaho.

For the ceremony, Judy was dressed in a red suit and Max wore a leisure suit of light blue. Following the wedding the couple traveled on to Jack Pot, Nevada and the surrounding area before returning.

Max and Judy are now making their home in Kendrick.

Monday evening the newlyweds were supper guests of Max's mother, Mrs. Annie Clemenhagen. Alberta Turner visited Annie Saturday afternoon.

THANK YOU

Thank you to members of the Jr. Miss committee for all the help and time donated during the EMT Carnival. A special thanks to Kenny and Katie Brown, John and Donna Frary, Laura Courtright, Dave and Debbie Klatt, Rich and Tammy Hitchcock, Jim and Laura Brooke for all the work which you put into booth set-up.

Thanks also to all the members who worked the booth the night of the carnival. Donna Frary Jr. Miss Chairman

Students presented program at PTSO

The March meeting of the PTSO was held on Mon., Mar. 25 at the Juliaetta Elementary school.

The Fund Raising Committee reported progress in the rummage-bake sale which will take place the first part of May. Boxes for donations of items for the rummage sale have been set up. In Kendrick, items may be left on the front porch of Sue and Ted Meske's house on Main St. or call 289-5401. In Juliaetta a box has been set up for donations at the Old-Fashioned Natural Foods Store on Main St. or call 276-3121.

The meeting was temporarily adjourned so the students could present the program. Nancy Monroe presented the students who gave brief informative talks describing their organizations purposes and activities during the year. The following students represented their organizations: Patty Lohman for OEA and Annual Staff; Troy Hewett for the K club; Marta Jensen for Loyalty Squad, Audra Callison for FHA; Tom Gibbins for FFA; Melody Deeds for Student Body, and Dan Emery for the High School Bowl and Science Club.

When the meeting was resumed, Barbara Smith moved that the PTSO purchase a small Commodore computer keyboard with 64 K memory to be raffled off at the awards program in April for a PTSO fund raiser. Barbara Heimgartner and Wally Butler are co-chairmen of the computer raffle committee. High school students will be selling tickets.

Election of officers for the 1985-86 year were held. New officers: President: Wally Butler; V-Pres.: Barbara Smith; sec'y.: Barbara Heimgartner; treas.: Sue Meske.

Next meeting will be the Honors Awards Program on Mon., Apr. 29.

Seth made it to four

Despite getting lost at the EMT's Carnival and fighting a losing battle with one of the school's desks, Seth Parks managed to make it to his birthday the following day. Twenty-two of his most favorite people came to celebrate.

Sunday guests at the home of Don, Ann, Rachel, Seth and Silas Parks were grandparents Homer and Margaret and Pat and Luther Parks, Faye and Floyd Stephens, and Theo Meske. Uncles, aunts and cousins were Ted and Sue Meske, Marta Jensen, Terri Parks, Duane, Rona, Jared and Evan Meske, and Bob, Gerlene and Sara Parks.

Westendahl Scholarship show case of talent April 13

Now is the time to prepare an entry for the show case of local talent to be held at the KHS gym, Apr. 13. If you dance, sing, play a musical instrument, or have other special talent, we would appreciate your participation for a worthy cause. All proceeds will go to area graduating seniors for scholarships to the school of their choice.

The evening will also feature a display of art by area children. Ribbons will be awarded for art work by pre-school thru 6th grade.

Those wishing to sign up for the show case please call Ada Westendahl, 276-3941; Leasel Abrams, 289-4341, or Norma Abrams 289-3151. We will be very happy to include you in the program.

Local couples return from Caribbean cruise

Mr. and Mrs. Ernie Brammer and Mr. and Mrs. Glen Wegner returned Sunday from a 7-day, 7-night cruise aboard the Norwegian, M/S "Starward", that sailed the Atlantic crossing through the Bermuda Triangle and the windward passage—the Caribbean Sea—the Gulf of Mexico and the Straits of Florida.

The islands the ship docked at were Great Stirrup Cay, the ship's private island in the Bahamas, Ocho Rios, Jamaica, Great Cayman Island and the Cozumel Island, which is 12 miles off the mainland coast of Mexico where the Mayan ruins in the Yucatan are located. It was a very enjoyable trip.

E. M. T. Sausage Feed Fun Nite Great Success

The Kendrick and Juliaetta communities may back with pride, pleasure and satisfaction this week on the tremendous support given by it to the support of the J-K Ambulance Service, and the J-K EMT's may feel an equal amount of gratitude that they have merited the support and confidence of the people they serve. All this was evidenced last Saturday night, March 23, at the "family feed and fun nite" sponsored by the E. M. T.s. The event was an overwhelming success, surprising the most optimistic members of the crew.

The Kendrick High School cafeteria and gymnasium was crowded full that evening as almost 900 people enjoyed the Genesee sausage meal and the other activities which followed. Preliminary figures indicate that over \$10,000 was taken in during the evening. Until all the bills come in and expenses met, the final figures will not be available.

All the profit realized from this evening will be used to continue providing the Kendrick-Juliaetta area with the most up-to-date and best equipped emergency medical service possible.

Not only was it the members of the J-K E. M. T.s who did such a fine job Saturday, but also the cooks from the school, and the representatives of the various school and community organizations who worked diligently and tirelessly that made the evening and this project such a success.

The merchants and business firms in the area added greatly to the success of the evening by providing donations of merchandise which were auctioned off that night.

The members of the E. M. T.s said they can only strive to show their appreciation to each one in the community by wisely utilizing the funds that have become available.

They said they will keep the community informed of their equipment purchases and continue to upgrade their skills in the meeting the medical needs of the community.

The next EMT meeting is Monday April 1 at 7 p. m. in the fire hall.

It is hoped to be able to publish a financial report next week.

CARD OF THANKS

We would like to thank everyone for their cards, flowers, food, memorial gifts, all the prayers and special kindnesses that have been extended to us and all our families. It is really wonderful to have so many great friends and neighbors who have been such a great comfort in our time of sorrow.

Thanks to the ambulance crew for coming out that day and a special thanks to our pastor, Rev. David Vander Does, the Kendrick Grange and all who helped and furnished food for the dinner.

God Bless You All,
The Roy Glenn Family

Legion Auxiliary charter members are honored

Sixty years ago this month, March 3, 1925, a group of young ladies joined together to form the American Legion Auxiliary in Genesee. The Bielenberg-Schooler Post 58, American Legion, had been chartered in 1919, following the Armistice of World War I. The following women's names appeared on the charter of the Auxiliary, framed and hanging now in the Genesee Legion Building: Mary Gray, Ruth Follett, Martha Jain, Tess Green, Thelma Hoorman, Etta Eglund, Ethel Liberg, Olivia Anderson, May Isaksen, Ethel Kambitsch, Evelyn Hove, Laura Johnson, Margaret Wilson, Nellie Haymond, Mary Emerson, Ella Mervyn, Irene Bressler, Violet Liberg, Norma Post, Dolly Peterson, Ida Johnson, Ethel Johnson, Molly Whaler, Ella Schooler, Lida Herman, Hilda Evans, Tima Flomer, Edith Beckman, Edith Smylie, June Haymond, Sarah Elliot, Lela Jain, Olive Pederson, and Mattie Emerson.

Their beginning was observed at the Legion Birthday dinner on Sunday evening, March 17th at the Legion Hall. The living charter members were invited to attend the dinner. Mrs. Ella Schooler of Lewiston was in attendance with the others unable to be with the group that evening.

Following the social hour and presenting of the colors, the invocation was given by Marie Scharnhorst. Mrs. Schooler was seated at the head table with Commander Greg Linehan and Auxiliary President Cathy Myers.

The tables were decorated by Mrs. Betty Morken with lace shams, rocks and deep green streamers, in the St. Patrick's theme. A lovely birthday cake was placed on the head table, with "Happy 60th to the Auxiliary" written thereon. Commander Linehan welcomed members and guests and Mrs. Myers introduced Mrs. Schooler. A few announcements were made and the Commander thanked the Auxiliary for the dinner. Following the meal, the charter was taken down for the group to view.

Invited but unable to attend were Mrs. Ruth Follett, Mrs. Etta Eglund, Mrs. Irene Berger, Mrs. Ethel Kambitsch and Mrs. Ethel Liberg. It is hoped that these ladies will be able to attend at another time. About 30 people enjoyed the evening together.

'84 ELK CONTROLLED HUNTS SHOW GOOD BULL HARVEST

Bull elk going five points or more accounted for about 53 percent of the males harvested in controlled hunts for the species in 1984, the Department of Fish and Game's annual telephone survey showed.

"We are maintaining the trend of about 50 percent five points or better that was established several years ago," said staff biologist Lou Nelson. Department regulations since the mid-1970's have limited antlerless elk hunting to increase the harvest of bulls.

8,660 permits issued, produced a harvest of 3,335 elk, compared to 2,771 for 7,545 permits issued in 1983. Harvests increased for all species except antelope last year. Totals for 1984 (with 1983 comparisons in parentheses) show:

Deer, 3,330 on 7,873 permits (3,248 on 6,106 permits); moose 288 on 194 permits (229 to 257); antelope 2,053 on 2,953 (2,319 on 3,053); bighorn sheep, 70 on 148 (60 on 137); and mountain goat, 52 on 60 (41 on 59).

Survey results for general seasons plus archery and muzzle loader, should be available in about a month, Nelson said.

59 UI ENGINEERS EARN ENGINEER-IN-TRAINING STATUS

Moscow: The Idaho Board of Professional Engineers and Land Surveyors has issued Engineer-in-Training certificates to 59 University of Idaho graduates of engineering programs in the College of Engineering and the College of Mines.

Passing the examination for Engineer-in-Training status is a first step in becoming a registered professional engineer.

George Russell, associate dean of the College of Engineering, said "As in the past, our candidates did very well in the examination."

Among those earning their certificates were Walter L. Moden III, an agricultural engineer and son of Mr. and Mrs. Walter Moden, Jr., Box 251 Genesee.

SPRING PRUNING ENCOURAGES ROSES TO PRODUCE BLOSSOMS

Clifton Anderson, Associate Agricultural Editor, Moscow, Idaho—For a beautiful display of rose blossoms in June, prune the bushes in early spring. Roses respond to careful springtime pruning, sending out new growth that improves the plant's appearance and makes possible the production of a big crop of well-formed blossoms in summer.

"Bush roses should be pruned after all danger of severe freezing is past," said Dr. Michael Colt, UI extension horticulturist. He said gardeners should remove the dead wood cutting an inch or so below the dark colored areas. If no live buds are left, the entire branch or cane should be removed.

"Next, cut out all weak canes or branches growing toward the center of the bush. If two branches cross, remove the nearest one."

"Finally, shape the plant by cutting back the strong canes to a large outward-facing bud. The remaining canes are generally headed back to a uniform height of 24 to 30 inches," Colt said.

The University of Idaho specialist said severe pruning is not advisable for many varieties of climbing roses. The pruning of climbers is mainly done just after they have flowered. During the springtime cleanup, climbers may be pruned lightly to remove dead wood and to cut off some of the older shoots.

Tree roses require heavy pruning in the spring and light pruning in the growing season. Colt said pruning must be done to keep the tops from becoming too large for the stem to support. In spring, live canes are cut back to a height of 8 to 12 inches. All dead wood is removed and the plant is trimmed to a pleasing shape.

Information about roses and other ornamental plants is available from county offices of the UI Cooperative Extension Service.

RESEARCHERS CHECK FOR DISEASE IN HELLS CANYON BIG GAME

Researchers have been at work again in the Hells Canyon area in an effort to learn if the disease found in Rock Mountain bighorn sheep last year involved other species of wildlife and domestic steep.

"We hope to learn from laboratory tests if any viruses are common among the animals and what disease fighting anti-bodies may be present," said Dale Towell, Idaho Department of Fish and Game staff biologist.

Test results could show if more than one species have the same disease and whether or not they can be treated, he added. "We need to develop our options so we can work up management guidelines to deal with problems we find."

Samples were taken from domestic sheep on both sides of the canyon, along with 3 elk, 3 white-tailed and 4 mule deer and 2 mountain goats in the Hells Canyon National Recreation Area and the Wallows Whitman National Forest, Towell said.

The Idaho department, in cooperation with the Oregon Department of Fish and Wildlife, was assisted by Marie Bulgin, D. V. M., and Burke Newsom of the University of Idaho Caldwell Veterinary Teaching Center, Tom Bulgin, D. V. M., and Jim DeForge, Bighorn Research Institute.

Their work followed tests on bighorns last November after about 18 animals were found dead. They were found to have pneumonia and a number of parasites, bacteria and viruses were identified, Towell said. "But we did not find any sick bighorns this time," he added.

The entire project has been financed by the Foundation for North American Wild Sheep.

CUCUMBERS HAVE BEEN A FAVORITE FOR OVER 3,000 YEARS

Timothy Ostic, Editorial Associate

Moscow, Id.—Mankind has been growing and enjoying cucumbers for over 3,000 years. Cucumbers originated in northern India and spread to China. The ancient Egyptians also cultivated cucumbers, and they were brought to North America by Spanish colonists in the 16th century.

Cucumbers are tender vegetables which are killed by even light frost; they prefer very warm temperatures. The heat requirement for cucumbers is one of the highest among common vegetables. "Cukes" produce well in Idaho gardens and are widely grown to be eaten fresh and to make pickles.

Complete details on raising cucumbers in Idaho gardens are given in a University of Idaho College of the county Extension Service offices. Ask for publication CIS 756.

Cucumbers require 50 to 70 days of warm weather to produce a good crop. If the growing season is cooler than normal, the cucumbers produced will have a bitter flavor, especially in the stem end, just under the skin. If eaten fresh, the cucumber should be peeled more deeply than normal, especially on the stem end.

Since they shallow-rooted plants, cucumbers require frequent watering. The soil should be kept moist enough so that it can be formed into a firm ball. The soil should break into medium-sized pieces when crushed in the hand.

Cucumbers should be planted in wide rows, at least 48 inches apart, at a depth of one inch. Seeds should be planted at the rate of 6 to 8 seeds per foot.

The vines should be harvested before the cucumbers turn yellow and the seeds turn hard.

LIBRARY NEWS

Robots In Action

Robots will be in action at the Moscow-Latah County Library's Children's Department on Saturday, March 30, for two performances, 2:00-2:45 and 3:30-4:15 p. m.

The four walking, talking, automated robots will be accompanied by John Ristow of the Industrial Education Department of the UI.

The program is free and the public is invited to attend. The library is located at 110 S. Jefferson in Moscow.

BIGHORN SHEEP SEMINAR SCHEDULED FOR BOISE

A fresh look at long-range management and a program lineup that includes hunting techniques and equipment highlight a Bighorn Sheep Management Seminar in Boise March 16.

The one-day session, open to the public starts at 9 a. m. in Room 106, Liberal Arts Building, on the Boise State University campus, according to Dr. Bob DiGrazia, secretary-treasurer of the sponsoring Idaho Chapter, Foundation for North American Wild Sheep.

During the first half of the program, the Department of Fish and Game will be encouraging comment to be considered in developing its next 5-year management plan for bighorn sheep. The original plan covered the years 1981-85.

First draft of the 1986-1990 plan is due next April and the Fish and Game Commission should have the final draft prior to action at its December meeting, state wildlife manager Lloyd Oldenburg said.

"The seminar will give us an ex-

cellent start in our effort to get state-wide input on bighorn management from individuals, sportsmen groups and other sources before the first draft is prepared," he added.

Following department review, a second draft will be available for public comment in July Oldenburg said.

"We are looking for discussion during the seminar that will help guide the commission in decisions, for example, on lifting the once-in-a-lifetime bighorn limit and the minimum three-quarter curl for a legal ram and allowing ether-sex hunting," he said.

Other seminar features include workshops on sheep hunting in Idaho and other states, hunting equipment, scoring sheep and care of capes. More information is available by calling DiGrazia in Boise, 376-7428.

RINGWORM

Ringworm is caused by a fungal infection of the skin and will affect many animals including dogs, cats, horses, cattle, sheep and swine. The fungi that cause ringworms can be transmitted to other species such as dogs to sheep. Most human ringworm infections are probably gained from contact with infected animals.

Ringworm occurs most commonly when animals and congregated together. Ringworm on cattle in this area is usually seen in the winter and often disappears without treatment in the spring. However, outbreaks have also been reported during the summer months.

Spread of ringworm can come from direct contact with infected animals.

Ringworm can affect animals of any age, but is more common in young animals. Humans appear to be less susceptible to ringworm after puberty. This is thought to be so because the skin becomes more acidic in man after puberty. "Classic" ringworm lesions are circular areas of hair loss with stubbled hairs, scaling, crusting, and sometimes redness. Ringworm lesions usually don't itch unless they become infected with bacteria. The lesions occur mainly around the head, neck, and shoulders.

Spontaneous recovery is common in individual animals but there are

also a large variety of treatments for ringworm. For human and small animals there are now some oral preparations in pill form that have been successful in treating ringworm. There are also a number of topical ointments and solutions that help in treatment of ringworm. Isolating affected animals and starting a treatment regimen for them is a good way to help prevent the spread of ringworm.

Diagnosis of ringworm in large animals is often made simply by observing the location and appearance of lesions. In small animals ringworm can mimic some other skin disease so skin scrapings and attempts to grow samples in a lab are often used. In addition, some ringworm lesions in small animals will fluoresce under black light and this is sometimes used as a diagnostic aid. Not all ringworm lesions will fluoresce, however, and fluorescence can occur from other substances on the skin that are not ringworm lesions.

Stony Point

By Nellie Dean Steigers

Monday a. m. March 25 was a "fog-in" in the Cherrylane area! Unusually heavy! Cleared soon. Hill-top reported good.

Our most joyous news for this week is the returning home from a long seige of treatments for our dear ones, Gertrude Heimgartner and Erma Stevens, sister-in-laws (from the Seattle area). They were lovingly housed in the home of Carl and Wilma Steigers.

DENNER SUPPLY Juliaetta, Idaho

Sunday, March 24, honoring John Summers on his 80th birthday.

At the same time, former boyhood friend, Milo Spivey of "Black" school days was being honored on his 75th birthday anniversary, at the Kamiah Community Center.

Alvin and Mabel Steigers most kindly transported themselves and brother Ernest Steigers and wife Nellie Dean Steigers (a kissing cousin of the Spivey ancestors) to this heart-warming affair, then dashed to the Cottonwood Creek party, for a greeting for dear friends John and Margaret Summers. Yummy cakes, too!

On a sad note, we wish to add our sympathy and sorrow to the loved ones grieving for fine friend Roy Glenn, who recently joined his parents, and others, in their peaceful sleep!

Almost everybody, far and near, attended the very successful fund-raising sausage feed held in Kendrick Saturday evening.

The Lee Heimgartner family, on Friday, attended the All-Star basketball games at Lewiston.

Happy Week at Cletis Holsington Home—

Visiting their father at the home ranch during various times the past week were son Phil Holsington of Springfield-Eugene, Oregon during his spring vacation; sister Cleta of Spokane, and sister Vivian of Lewiston, plus other family members. Delores and Leslie Heimgartner drove up river on Sunday and visited each home of her children in the Clearwater area.

Stonypoint Friendship Club—

On Friday, March 22, around a dozen members enjoyed a fine day, and meal, with hostess Lois Johnston at her Lenore home.

A quilt being made by Marjory Stevens, for newly married daughter Linda, was nearly completed. Our beloved guest was Alice Dobson Maguire. No males were present.

A unique sight, out of Lois's view windows, was their "sitting-up bull". With his rear legs and body on the ground, he sets up, his front legs firmly erect, and gazes at the surrounding view! A fine animal (he travels in the normal manner) He should be featured on "Believe It or Not".

Next club, April 4th, at the Cottonwood Creek home of Dorothy Partridge.

Mr. and Mrs. Keith Steigers and puppy "Buttons", spent the weekend in the home of his Cherrylane parents, Ernest and Nellie, taking back to their Missoula, Montana home a mare and mule colt who spent the winter in our area.

Ken Steigers (twin brother) and wife Linda weekendend in the Seattle area, attending the wedding of a cousin of Linda, and visiting Ken's sister Kathleen Ratliff and husband

Loren in their Bothell-Kenmore home.

David Steigers of Juliaetta, visited with brother Keith and wife Carolee Saturday afternoon.

Oldest brother, Bill, of Lewiston, helping salvage the old warehouse at Cherrylane, has been a much welcome lunch and supper guest of his parents recently. His son John, recently of the Navy's nuclear submarine fleet, who now has moved his small family to the Spokane area where he is employed by Washington Water Power Co., as an electrical design engineer, was here at his grandparent's home on Saturday. Also John sported a bruised eyebrow and cheekbone when his ladder slipped and the crowbar connected with his face (it didn't stop him).

Mildred Heath News—

Mildred is doing very nicely! On Friday afternoon, Dorothy Partridge, Mary Hayhurst and Nellie Steigers were her callers. Later, daughter

Inez Inghram was her evening caller. Daughter Norma Rugg and a sister-in-law came to visit on Sunday morning. Helper Pat was with Mildred for the weekend. Grandson Clark drops in frequently. On Monday, March 25, Mildred accompanied friend Dorothy to the Kendrick beauty parlor. Neighbor Pearl Kerby is spending some time in the home of daughter Maurine.

Cedar Ridge News

By Darlean Wilson

Monday evening dinner guests of Mr. and Mrs. Marion Souders were Elmer and Thelma Cuddy, Melvin and Iona Garner of Elk City and Mattie Allen of Juliaetta were Wednesday dinner guests of Marion and Eileen.

Melvin and Iona Garner of Elk City and Mattie Allen of Juliaetta were Wednesday luncheon guests of Mr. and Mrs. Elmer Cuddy.

Jack and Donna Parsley were among those attending the District 2 All Star basketball game at Lewiston Friday night.

Mr. and Mrs. Clem Lyons attended the Roy Glen funeral Thursday in Lewiston and then were luncheon guests of Dr. and Mrs. A. J. Michaelis following the services.

Many ridge residents attended services for Roy Glenn in Lewiston on Thursday. He will long be remembered in our community with fondness and respect.

James Holt visited Paul Richardson at Juliaetta and with Hardy and Viola Holt last Wednesday.

Jason Ball of Pottlatch spent from Thursday evening until Sunday with

grandparents on the poor farm. Sunday dinner guests at Holt's included Jason Ball, Samantha Nelson of Moses Lake and A. J. Holt of Wenatchee.

Happy Valley 4-H club

The Happy Valley 4-H Club met Wednesday, March 20. We talked about Activity Day which is March 30. Those interested in attending should meet at the Genesee Food Center's parking lot at 9:30 a. m. Saturday, March 30.

We also talked about the Community Pride project and letters were sent home to parents explaining the project.

A Bachelor's Cooking Notes . . .

By Gene Heath

Cooking is an art they say,
But for some it is but play.
So we will sing a merry rhyme,
and get our cooking done on time.

Rhubarb Pie

Strip off skin and cut in thin slices. Line pieplate with pie crust. Put in rhubarb with one cup sugar per pie. Sprinkle about one tablespoon flour over each. Cover with crust well joined at edges and punch holes at random over top. Bake about an hour in a slow oven. If you're like some cooks and have only one setting—hot—don't and that's because quick baking may spoil it.

* * *

When you see my light shine late
It's not my mind I'll elevate;
No, I'm not just home from the dance
Just sewing buttons on my pants.

Genesee Quilters met Mar. 4

Members of the Genesee Quilter's Guild met Monday evening, March 4th in the history room at Genesee high school. There were 14 in attendance.

Quilt blocks that the Guild will assemble were submitted and are now at the home of Sharon Steigers. At show and tell time, many friendship blocks were shown and admired.

Refreshments were served at the close of the meeting.

The next meeting will be Monday, April 1 at the home of Mrs. Sharon Steigers.
