Timberline Edged Kendrick In Overtime Play Friday Night

The Kendrick Tigers and the visiting Timberline Spartans battled to a 0-0 tie in 4 quarters of regulation play last Friday evening on the KHS field then had to go into overtime where the Spartans scored a touchdown to win the first game of the season 6-0.

"Sure, we wanted to win," said Tiger Coach Terry Webb after the non-league contest, "but we learned a lot and it won't really hurt us."

Despite the size and weight difference that favored the THS team, the two squads appeared to be evenly matched and spent most of the game putting on a defensive show for the good-sized crowd.

Timberline took the opening kickoff from their own 26 back to the 40 and then failed to gain any more on three pass plays. The Spartans punted and the Tigers had the ball on their own 22. Chad Henson picked up four yards on the first play from scrimmage and then on the third down, Reece Hewett, making his debut has the Tiger quarterback moved out to the Tiger 40 on a keeper play. From there the Tigers drove downfield to the Timberline 13 yard line where the drive stalled and Timberline took over. The Spartans couldn't get their offense rolling—gained just five yards and punted again.

Passing from the Timberline 48 Hewett connected with a pass to Chad Sneve who hauled it in at the Timberline 25, but the ball was fumbled on a hard tackle. Timberline then went to its own passing game and brought the ball to the Tiger 43 then moved down to the KHS 31. When the buzzer sounded ending the first quarter, Timberline was setting on the Tiger 29.

Hurt by two consecutive penalties Timberline couldn't get any deeper into Tiger territory and had to give up the ball. Later in the quarter Scott Powers picked up the longest run of the game with a 39 yard gallop after intercepting a Spartan pass. Neither team could punch through the other's defenses through Timberline was on the Tiger 18 late in the first half before they fumbled away an opportunity and the score still was 0-0 at the half time buzzer.

It was still a defensive game in the third period until Timberline finally moved the ball down to the Tiger 25 with 2:55 left in the quarter and then pushed down to a first and ten on the Tiger 12 as the third quarter ended.

Kendrick put on a goal-line stand to open the final quarter. They stopped the Spartans and took over on their own 5 and moved the ball to mid-field and then to the Timberline 23 before fumbling on the THS 17.

After Timberline failed to move the ball Kendrick regained possession and missed a sure touchdown when a pass play was called back. Kendrick was down on the Spartan 31 when the regular time ran out.

With the score tied at the end of regulation time, the game resorted to what is known as a Kansas tie-breaker. Each team gets the ball at the opponents ten yard line and has four downs to attempt to score a touchdown.

Kendrick got the ball first and on the first play Chad Henson picked up four yards before being dragged down. Hewett then tried to pass but the pass was dropped in the end zone. Hewett tried to pass again on the third down, found himself in trouble but scrambled back to pick up four yards. With the ball resting on the Spartan 2, Hewett sent Tony Smith up the middle where the entire Spartan line met him and dropped him on the 1 yard line.

Now it was Timberline's turn from the Tiger 10: Timberline went 9 yards on the first down—was stopped for no gain on the second play, and then on the third down scored on a quarterback sneak for the 6-0 win.

Snyder took his Pirates up to Genesee last Friday night and defeated the Bulldogs 12-8.

Game time is 7:30.

Local Grangers Helped With "Operation Haylift"

Four members of Kendrick Grange and Latah County Pomona Grange Chairman of Women's Activities Grace Curtis of Elk River were present at the Deary Grange Hall Saturday, Aug. 27 to help assist women of the Deary area in serving Saturday night supper to the men from the drought-stricken areas of Iowa and North Dakota who are here making hay to take back with them to feed their livestock for the winter.

Approximately 95 workers were fed at the hall that night. They are all working hard and they are anxious to get the job completed and return to their homes.

Those going from Kendrick were Ruth White, Ruth Heimgartner and Lawrence and Nell Heimgartner.

A great deal of food and support was taken with them:

German sausage for Sunday morning breakfast was donated by Phil's Food City and The Kendrick Country Store. Phil also donated two large boxes of cantaloupe.

A huge amount of cookies were baked and sent by the Senior Citizens. These looked delicious and were to be used in making 80 noon lunches.

Those sending the cookies were: Kathryn Morey, Esther Shreffler, Edna Bower, Alberta Turner, Eleanor Wegner, Juanita Craig, Dorothy Horn, Mildred Johnson, Theresa Balastier, Delores Polunsky, Opal Draper, Ruby Craig and Viola Johns.

Monetary donations were also made by Golden Sunset Senior Citizens to do their part to assist with the "Haylift". Those making cash donations were Mr. and Mrs. Clinton Miller of Lewiston, Dr. A. Eula Mitchell of Arizona; Anna and Bid Fairfield, Clara Galloway, Belle Farrington and Ruth Heimgartner of Juliaetta; Mabel Callison, Ruth White and Martha Wilkens of Kendrick.

Other food donations were of tomatoes, cucumbers and peppers sent by Dick and Janice Groseclose and cucumbers sent by Ruth Heimgartner.

Preparing and serving food for that many people is a big job and especially in a facility that is not set up to handle an operation that size. It was good to be able to be a part of it and to be of assistance.

The response of people and businesses of the whole area has been outstanding. It is amazing to see all the amount of food that has been given to help our fellow men. These men are farmers, just like us, and it is most gratifying to see our people here helping and sharing with others when they need the help.

Sharon Harris Resigns as Kendrick City Clerk

Sharon K. Harris, Kendrick's city clerk and treasurer, submitted her resignation at the Tuesday meeting of the Kendrick council and the resignation was "reluctantly accepted" by the council, reported Mayor Darrel Brocke. Harris became city clerk several years ago following the retirement of Bob Magnuson. Brocke said the resignation becomes effective September 30.

Brocke said he and the council regret seeing Mrs. Harris leave her clerk-treasurer duties.

Brocke added that the council will meet on Tuesday, Sept. 6 and begin drawing up a job description for the position of clerk-treasurer prior to opening applications for a replacement. When Bob Magnuson was city clerk most of the business was conducted from his insurance office. Mrs. Harris conducted much of the city business from her accounting office on main street.

Hiring a new clerk-treasurer will entail providing office space, Brocke said Tuesday evening. He said the council has tentative plans to create office space for the clerk in the city hall, (the old forestry office), and the new clerk would have certain hours when the office would be open. These are some of details which the council will need to work out prior to accepting applications for the job.

Budget Approved

The Tuesday evening meeting was also the official public hearing before the adoption of the city budget for the coming fiscal year. There were no guests present at the hearing and the budget of \$149,430.00 was approved without change.

The other action, the council approved a resolution for the State Department of Commerce which would enroll the city in the Gem Communities Program. This statewide program would give the city an opportunity to take advantage of information and help in economic growth. There are no financial obligations involved in this project which also includes the K-J Economic Development Association.

**Harriet Reece Elected
Chairman of Idaho State
Library Board**

Harriet Reece of Cavendish was elected chairman of the Idaho State Library Board at the board's July meeting. Reece had been serving as vice-chairman and replaces Leslie Dieter of Boise, who was elected vice-chairman.

Reece is in the second year of her third term on the Idaho State Library Board, having twice before served as its chairman. She has a long association with libraries. A charter member of the Clearwater Free Library District, she served as its treasurer for over 15 years until her appointment as a trustee of the Idaho State Library.

Reece believes that the Idaho library community is entering a new era. "There seems to me to be a new spirit of enthusiasm," she says. "And that's what it will take, a willingness to work together. In this time of diminishing library resources and increasing demand on libraries as in-

formation centers, resource sharing will be essential to the success of libraries, particularly here in Idaho." She added that new technologies have put libraries well on the road to achieving better resource sharing. "Our challenge now is to integrate these technologies and to continue wise use of federal funding sources."

A long-time newspaperwoman, Harriet retired this year as managing editor of the Clearwater Tribune. She is also very active in community affairs, serving as president of the Orofino Chamber of Commerce, chairman of the Orofino Economic Development Committee, chairman of both the state and regional Mental Health Councils and the State Mental Health Advisory Board. In the early 1960's, Reece was instrumental in starting Idaho's Mental Health Association.

U. S. Census Bureau Recruiting Workers For 1990 Census Work

The U. S. Census Bureau has a number of temporary jobs open during the next few months in Kendrick to help compile a master address list for use during the 1990 national census.

Temporary census workers usually will work two to eight weeks and will be paid \$5.50 an hour plus auto mileage where appropriate. Applicants for the job must be 18 years old or over, a U. S. citizen, and take a written test.

The work involves driving or walking to prepare a list of addresses of each dwelling unit in designated areas of the county. The collected addresses will be combined with others purchased from commercial vendors to build a nationwide automated address file which will be a key to a complete census.

"This address listing operation is the foundation for a successful 1990 census," said Census Bureau Regional Director Mr. Leo Schilling. "The resulting automated address file will be the central mechanism to keep track of over 100 million census questionnaires nationwide." The address file will be used to produce census questionnaire address labels, keep track of returned forms, pinpoint those households where personal follow-up visits must be made to complete the forms, and provide local governments with precensus and postcensus housing unit counts for their review. Each housing unit in the nation will receive a questionnaire during March 1990. Census Day is April 1, 1990.

The 1988 address collection activity in the county is part of a nationwide Census Bureau program involving 35,000 temporary workers. State residents interested in applying for the temporary census jobs should contact:

Lip Harvest

One of the most powerful things that we have that influences our lives is our tongue. We may not think of our tongues this way but they actually set the course of our destiny. The Apostle James in his book makes a direct comparison of the rudder of a huge ship to the tongue of an individual. Just think of it, your destiny is set by your tongue.

How does your tongue determine your future? Solomon in the book of proverbs gives us some light on this question. He says, "A man's belly shall be satisfied with the fruit of his mouth; and with the increase of his lips shall he be filled." (Proverbs 18:20). Another way of saying is, "A man's life shall be nourished

by the fruit of his mouth, and with the harvest of his lips shall he be filled." What becomes clear is that our tongues will give us a crop, and it is with this crop that our lives will be strengthened. We, living in a farm community, don't need to be told what a consistently poor crop does for our future! So it is by the harvest that our tongue gives that our future is determined.

Some good friends of mine gave me a sad illustration of what is being said here. As a couple, they would say between themselves, "wouldn't it be great to get medical disability and not be tied to work anymore!" They said this thinking that medical disability meant early retirement. This wasn't spoken just once, but it was repeated often. Not long ago, the husband was in a serious auto accident and is now receiving medical disability. The part they weren't counting on was the tremendous pain

Meal Site Tidbits—

By Dorothy Horn

What a happy time at the meal site on Wednesday. The usual delicious food, friendly companionship and fun, fun, fun! How many of you have ever counted how many items are carried in a ladies purse or a man's wallet? Wow! It is amazing! One lady counted up to one hundred different items, then lost track so she was honored as the prize winner! It was also noted that men carry a lot of items in their wallets as well. At least it is one way to have fun and clean out your purse of out-dated items all at one time!

On Friday our hopes and plans were at long last realized! Terry Raff and wife Barbara, the Singing Mountain Man from Kooskia came to entertain us. He gave us a history of his life, how he became a member of the Mountain Men Organization and finally moving to Kooskia, and is presently teaching school in the Clearwater Valley School District.

How does one best describe an ex-

that he is constantly in, and the other major consequences.

Jesus said the mouth speaks from the overflow of the heart. What's been in your heart lately? What is the harvest that you can expect? Set your heart to be right with God and man, speaking what God wants for you and your neighbor, and when harvest time comes, you'll be blessed!

cellent entertainer! There are many different types and styles of singers, however Mr. Roff is a star in his special style of singing. He has an exceptional voice and vividly portrays his love and enjoyment in every song he sings, and he has a special way of easily and clearly communicating with his audience. Singing the songs of yester-years brought back many happy memories to Seniors present.

We are hoping the Singing Mountain Man with his buckskin clothes and coonskin cap can be with us again around Christmas time and hopefully we can plan it so many more people of the community will have the opportunity to enjoy his special style of entertainment.

A request for help came from Deary to help feed the Iowa farmers who are putting up hay for their livestock's winter supply of food and have come to this part of the country for assistance. Gladly seniors, local merchants and interested parties cared and were more than willing to share with them. Several food items were donated and seniors donned their aprons and got out their cookbooks and baked dozens of cookies for these men's lunches. Good luck is extended to each and every farmer and hopefully all will have warm thoughts for the people of Idaho.
