MANY THANKS TO EVERYONE

For the concern shown during my recent heart surgery and hospital stay, for the support to Phyllis thru the waiting part, for the many cards wishing me well, for the beautiful flowers, and for just reminding us what a great community we live in and how great it is to have such good friends, relatives and kids when something like this shows up.

Cameron Church Ladies Hosted Golden Sunset Seniors at Monday "Octoberfest"

The women of the Cameron Emmanuel Lutheran Church entertained the Golden Sunset Senior Citizens with a delightful "Octoberfest" on Monday, Oct. 9. Forty-eight seniors attended.

The tables were gaily decorated with baskets of lovely foliage of fall colors complimented by miniature pumpkins.

The festivities began with a luscious luncheon at noon. The menu consisted of a Chinese hot dish, fruited Jello salads, hot rolls, and butter topped with strawberry shortcake, coffee, tea or milk. And it was good!

A program followed the luncheon piano solos by Ruth Slind and a reading by Frank Jacobson in honor of Columbus Day. The reading "Columbus" commemorated the day and written by Jocuein Miller.

The program continued with the seniors attempting to be "budding artists" by trying to create a pumpkin from a 9x12 inch sheet of orange construction paper. (The catch was "no scissors"—just tear the paper in the shape of a pumpkin!) Prizes were awarded and won by Crystal Gruell and Margaret Parks who created very clever replicas.

Table center pieces were won by Leonard Wolff, Delores Polumsky, George Merrick, Maxine Foster, Eleanor Wegner and Mamie Kamkeberg. Also Martha Long and Ruth White were each presented a center-piece as a birthday remembrance.

Door prizes were won by Opal Draper, Ross Armitage, Leonard Wolff and Art Foster.

Miniature pumpkins were given to each one attending.

Hostesses for the occasion were Donna Lohman, Loeda Rell, Bonnie Lawrence, Virginia Jacobson, Hermie Meyer and Ruth Slind.

The Golden Sunset Seniors are always pleased and appreciative of the efforts of the ladies of the Cameron Church for this yearly event. Thanks so much—we know the time, effort, and planning that goes into an undertaking of this kind.

Centennial Ethnic Heritage Project at Juliaetta School

In celebration of Idaho's Centennial as well as the local community Centennial celebration, grades K-6 at Juliaetta Elementary will be participating in a year-long project. Volunteers from the community will be working with each class on various projects throughout the year which recognize the ethnicity represented in the local community and the rich heritage of Juliaetta and Kendrick.

For the past month, the classes have been studying the culture and traditions of Idaho's original inhabitants—the Native Americans, and our local neighbors, the Nez Perce. The students have studied about the tribes' customs, their beautiful beadwork and basketry, their historical horse breeding which includes the breeding of the world famous Appaloosa, the Nez Perce mythology and story-telling and traditional dance, and Native American traditional foods.

On October 18 the students will be honored by a presentation of Nez Perce dancers under the direction of John Meninick of the American Indian Dance Studio. John has traveled with others throughout the country and last year performed in Paris and the Mediterranean. The community is welcome to attend this traditional Nez Perce performance which will be held at 9 a.m. on Wednesday, October 18 in the new gymnasium at Juliaetta Elementary.

Also on display that morning from 8:30 to 9:00 for student and parent viewing will be Native American artifacts from the Yakima Indian tribe, and the student's craft work completed during this unit of study.

In October and November each class will begin a cultural study of a particular ethnic group represented by one or more families with the local community.

Plans are also underway for a Centennial Holiday Fair which will serve as a community "kick-off" for Idaho's Centennial and a fund raiser to support the Juliaetta Elementary School's Centennial Ethnic Heritage Project. For more information about the Holiday Fair contact Betty Howerton at 276-7771 or Sally Browning at 276-3921.

Ethnic groups represented in our community to be studied include Mexico, Scotland, Italy, England, Chile, Germany and Norway. The children will learn not only about the national tradition but how these cultures have influenced the local community life and the flavor of our community.

This year's Christmas program will reflect the Ethnic Heritage Project, and a final end of the year program is planned to honor Idaho, the "43rd Star" as well as our local Centennial.

Other activities planned include a Centennial Garden and beautification project on the grade school grounds, and writing and poster contests for grades K to 6.

Lorraine Gustafson Wins Football Forecast

Missing only three of the thirteen NFL games on Sunday and then predicting the correct outcome of the Monday night "tie-breaker" game, Lorraine Gustafson of Juliaetta won last week's local football forecast. Lorraine also continued the women's domination of the weekly contest. In its fifth week now, only Bob Clemenhagen has won among the men.

To win last week, Lorraine had to go to the tie-breaker—Darrel Brocke and Leonard Gustafson also each missed only 3 picks—but then they failed to call Monday night's game correctly, so Lorraine won the \$10 gift certificate from Brocke and Sons. Jeff Smith reported that over 70 entries came into the contest last week.

This week's contest is being sponsored by Ray Snyder of Snyder's Home Center and the best predictor will receive a \$10 gift certificate.

Out-on-the-Limb

The Miami Dolphins finally came through for Jeff Smith last week, giving one of their greatest fans his first "out-on-the-limb" correct prediction this season. Smith said the Dolphins would beat Cleveland and darned if they didn't do it! This brings Jeff's record to 1-right, 4-wrong. This gives him an average of .250. This leads Jeff to point out that many major league baseball players don't have .250 averages.

Anyway Smith is sticking with his Dolphins again this week and says that Miami is going to beat Cincinnati at Cincinnati this week.

Write-In Vote Faces Kendrick Electors At Nov. Balloting

One of the positions on the city council will have to be filled by a write-in vote on Tuesday, November 7, as the filing date for petitions of candidacy passed this week with no one filing for one seat on Kendrick city council. That was the word that came out of the session of the council Tuesday evening, Oct. 10. City clerk Donna Goff told the council that three petitions had been filed as of the close of regular office hours Tuesday, the last day for candidates to file. Incumbent councilmen David Klatt and Rita Blewett both filed to seek another term and Jerry Brown, also an incumbent councilman whose term does not expire this year, filed to seek the position of mayor.

However, the council position now held by Richard Benjamin whose term expires Dec. 31, will have to be filled by a write-in vote.

The filing for the mayor's position by councilman Brown may also result in another council vacancy. If Brown is elected mayor then his present council position which has two years remaining, will be vacant. Brown will have to appoint someone to this position.

The Tuesday session of the council was presided over by Mayor Darrel Brocke. Present were councilmen Dave Klatt, Dick Benjamin, and Jerry Brown. Also present were city clerk Goff and maintenance man Don Bateman. Guests at the meeting were Geo F. Brocke of Brocke and Sons, Inc. and Jim Uhleroff of the CableVision TV system from Moscow. CableVision is currently in process of purchasing the Kendrick Television Cable system, and the two men were before the council to discuss the transfer of the city franchise to CableVision. Neither of the two parties wished to comment until final details are worked out.

In other action, it was reported that work has been accomplished at the county dumpsters near the high school that will allow the dumpsters to be moved out of the city limits on the Bear Creek road. The city will provide a designated area for the burning of limbs and boards, etc. for the use of city residents. The council also felt that this is a good opportunity to remind residents that these dumpsters are not for the use of city residents. They are for rural use only. City residents pay a monthly fee for weekly garbage pickup and this, presumably, is how the city and county wants residents in towns to dispose of garbage.

Mayor Brocke said the city will be arranging for a leaf pickup sometime in November.

Mayor Brocke also reported that the main city siren (back of the Gazette and Kendrick Garage) has been taken to a Lewiston firm for repair of a worn bearing. The siren should be back in operation this week.

Paving work on the East part of B Street and the West part of A Street has been completed.

CARD OF THANKS

I would like to thank First Security Bank of Kendrick for buying my FFA lamb at the Latah County Fair. Your support of our FFA and 4-H projects is greatly appreciated.

Park News

Hilda Gustin Passes—

Word has been received of the death Saturday, Oct. 7, of Hilda J. Gustin, formerly of Helmer, at the Good Samaritan Infirmary at Moscow, where she had lived for several years. She was the widow of Clay Gustin, who served for many years as the road maintenance man in the Park area. The couple were good friends and neighbors to everyone in the area. Hilda didn't realize just how good a friend she'd been until Clay's retirement party, when the area children thanked Hilda for all the cookies she'd baked over the years. She said that until then, she'd wondered how Clay had managed to eat the piece of pastry and the generous supply of cookies he'd insisted on for his lunch every day. All the children lined up by their yard fences when they heard Clay coming, to be fed like birds in a nest from Clay's lunch box, and Hilda never let them down.

Services for Hilda were Wednesday morning at Short's Chapel in Moscow.

Hunting Season Opens—

Traffic increased in Park and the surrounding mountains over the past week as the opening day of hunting season approached. Charley and Hazel Enger's cabin was the focal point for better than half a dozen vehicles and Don Smith's "lodge" on the hill had its share of happy campers. Up through Monday, we'd heard of only two kills in the area, leaving hunter's wives commenting on much fuss for some pretty thin soup!

Mark LaBolle of Rathdrum, came to the Jerry Smith's Tuesday evening to be joined Friday evening by his wife Debbie and sons Danny and Andy. Jim Smith and his children, Sarah, Kristen and Scott arrived in the wee hours Saturday morning. Both families stayed until Sunday afternoon.

Other visitors with the Jerry Smiths were Jim White, and Joe and Chris Blasko, all of Lewiston; Joe Admire, Boise; John Franklin of Princeton; Don Smith, Moscow, and Cliff and May Lewis of Helmer.

Clinton and Jerry Smith were Lewiston business visitors Friday. Mr. and Mrs. Doug Stout, Lewiston, visited her parents, Mr. and Mrs.

Clinton Smith and Leah over the weekend. Sunday, the group paid a brief visit to the Jerry Smiths.

Jody Smith attended Deary Community Church Ladies' Aid Thursday where the group is planning its harvest bazaar to be held Oct. 28. The event will be in the Deary Grange Hall, with home-made soups, sandwiches and pies served from 11 a. m. to 7 p. m. Gifts and handmade craft items will be displayed for sale at the same time.

Those attending were Chris and Dan Key and boys, Lisa, and Cameron Walters and children of Lewiston, Dorothy Grant and Randi Grant, Milton and Marie Grant of Juliaetta, Shirley Johnson of Troy, and Charles Lyons.

Lillian Baufus' sister Margaret Abrams of Milton-Freewater, Oregon, arrived to visit on Sunday with a friend, Jean Tucker; they left Monday. Grandson Steven Baufus of Deary, who is 2-years-old, came to visit on Sunday, remaining until Monday.

Non-radial ply tires should not be put on the rear wheels when radial ply tires are on the front wheels.

"Studded tires are normally installed on the vehicle's drive wheels only," Jeff Stratten, a spokesman for the department, said. "Studded tires can be fitted to all four wheels for severe driving conditions." However, on front-wheel-drive vehicles, studded tires should be used on all four tires, he warned. When drivers use snow tires, whether studded or non-studded, they must be the same construction and size as the other tires on the vehicle.

A Centennial History Book

OF KENDRICK, JULIAETTA AND SURROUNDING AREA.

a history of the people and events of the past 100 years.

The Centennial Committee of the Kendrick Juliaetta Community Development Association is compiling a centennial history of the Kendrick-Juliaetta area. This will be a hard-cover publication of centennial and pioneer families, early day churches, schools, businesses, and events that shaped our history. There will also be histories of the smaller communities that are an important part of our tradition. The book will exceed 200 pages and will contain many pictures and maps of historical significance. It is planned to have the book available for distribution in the summer of 1990. To help the committee determine the number of books to be printed, (and to meet advance publication expenses), pre-publication sales are being offered at a considerable savings over the regular price.

Pre-publication price will be \$19.95 (plus \$1.00 state sales tax) Total \$20.95 (add \$2.50 if book is to be mailed.)

National School Lunch Week Salutes Food Service Workers

By Presidential Proclamation, the week of October 9 will be designated National School Lunch Week in recognition of both the National School Lunch Program and school food service workers. These "unsung heroes" provide meals for more than 23 million children each school day in over 90,000 schools across America.

While the National School Lunch Program is one of the largest food service operations in the nation, including the major fast food chains, its purpose extends beyond serving meals. "With increased emphasis on nutrition for our young people," said Ann Chadwick, Department of Agriculture's Acting Assistant Secretary for Food and Consumer Services, "we are not only feeding America's school children a quality lunch but teaching them about proper nutrition and good eating habits."

The National School Lunch Program, which is administered by the U. S. Department of Agriculture's Food and Nutrition Service, provides \$4 billion annually in cash and commodities to participating schools. Donated commodities make up about 20 percent of the food used in the lunch program. USDA provides schools with more than 60 different kinds of food, including ground beef,

chicken, turkey, canned fruits, vegetables, vegetable oil and flour.

According to Chadwick, "Substantial improvements have been made in the quality of commodities. For example, the fat content of ground beef has been lowered, as well as sodium levels in prepared foods, and only canned fruit in light syrup or natural juices is purchased."

"By providing high quality surplus foods to schools, USDA supports America's farmers while serving the best interests of America's school children," said Chadwick. Schools that choose to take part in the lunch program must meet federal meal pattern requirements and must offer free or reduced price lunches to eligible children. Nationwide, about half of the lunches are served free of charge or at a reduced price. Any public school of high school grade level or under is eligible to participate, as in any nonprofit private school.

Established as a federal program in 1946, the National School Lunch Program has become one of the Nation's best examples of cooperation between federal, state, and local agencies.
