## KHS Homecoming Week Oct. 15-19

Yes, it's that time again. It's the once-a-year event that students will remember the rest of their lives—Homecoming Week! The K. H. S. cheerleaders along with the help of the student council have planned a week of events that should make this year's homecoming a success.

The theme for this year's Homecoming is "Cruise to Victory." Classes will decorate the halls and compete in various events the entire week. The hall decorations and costumes will be judged by local business people and will be judged on creativity, style and if they follow the theme for the week. Each class receives points for every event it wins and points will be added up at the end of the week. The class with the most points wins Homecoming week.

Each day the individual students have the chance to win T-shirts for "best dressed". At the end of the week the two best overall costumes will receive a sweatshirt. These prizes will be awarded in the park on Friday.

Dress-Up days are:

Monday ..... Cruise Day  
Tuesday ..... The Good Old Days  
Wednesday ..... Kiddie/Pajama Day  
Thursday ..... Mourning Day  
Friday ..... Black & Orange Day

The schedule for the week is: Monday the cheerleaders will kick off the week with a rally followed by a Tom Cruise look-alike contest at noon. That afternoon the seniors will go up and paint the K on the hill.

Wednesday will be the lip sync contest with features from each class.

Thursday's activities include a pep rally and games on the football field at 1:45 with the announcements of the final four candidates for King and Queen. A senior car bash will be held after the rally.

Friday the school will serpentine to the City Park where games will be played and various winners announced. Homecoming activities will conclude with a dance following the Kendrick - Troy football game.

The cheerleaders would like to encourage everyone to bring their spirit to the football game and help this year's football team "Cruise to Victory" in "Homecoming '90".

## Emergency Information Survey Project Complete

An area-wide survey of emergency information concerning locations, medical information and other useful data was completed and was placed in the J-K ambulance last week. The data will be a great help to the emergency unit. One copy of the information was retained by Ed Ulrich, one of the coordinators of the project.

This file will need constant updating, said Ulrich and Warney May. New people will always be coming into the area served by the J-K Ambulance Service and the location of each new resident, along with other medical information, if necessary, means the emergency crews can provide faster, better response.

There is also the possibility that some persons have been missed in the initial survey effort. Anyone who has not been contacted or has not yet returned a questionnaire, is asked to call Ed Ulrich at 276-4030 or Warney May at 289-4130. Completed forms may also be left at the Gazette office or at Kendrick City Hall.

Ed and Warney said the Veterans of Foreign Wars and Auxiliary, the Kendrick Grange, the Search and Rescue Unit all helped distribute forms and collect the information, plus lots of individual help.

About 1,000 names are now on file to help give better emergency medical assistance if needed.

This was an excellent community service and all those involved deserve a "well done!"

## Toby Foster Kills Large Rattlesnake

Toby Foster, 13, son of Fred and Judy Foster, killed a large rattlesnake around the breaks of the canyon near the Foster home last week.

Toby's mother, Judy, reported the snake was between 4½ and 5 feet in length (she wasn't inclined to measure it) and had 13 rattles and a button.

When Toby got home from work that night, he and Toby went back down and found the rattles.

## Siren Will Remind Kendrick Firemen of Drill Nights

If you feel Kendrick residents hear the siren blow three short times on the fourth Wednesday of each month at 7:00 p. m., chances are that siren will be a reminder of the Volunteer Fire Department's drill night, rather than a fire. This is the word of the fireman Dean Weyen wishes the folks get aware of. The siren man—get down to work.

## Juliaetta, Kendrick Fire Depts. Sponsor Fire Prevention Week

The Juliaetta and Kendrick Volunteer Fire Departments have joined forces to sponsor activities for Fire Prevention Week, Oct. 7 through 13. On Friday, Oct. 12th, firemen from both departments will visit the Juliaetta Grade School to talk with the children and show them the fire truck, fire-fighting equipment, and safety gear. A clown will also visit and teach the children about fire prevention, meeting with the kindergarten through second grade at 9:30, and the third through sixth grade students at 10:30. Pre-schoolers are also welcome to attend.

Through generous community support, the firemen have also obtained fire safety coloring books, child location stickers, and hunt-for-home hazard pamphlets for the grade schoolers. The third through sixth grade children will also be participating in a poster contest, with prizes to be given for the best in each class.

Entry forms will be available at the Juliaetta Grade School and the Kendrick High School for the nationwide poster contest sponsored by McDonald's and BRK Electronics. Age categories are 7 and under; 8 to 13; and 14 to 18. The grand prize is a \$20,000 Savings Bond. Entry deadline is February 15, 1991.

Members of the local volunteer fire departments urge everyone in the community to take steps toward fire prevention in their own homes. Now is the time to get chimneys cleaned, make fire escape plans with your family, install new batteries in smoke detectors, and/or install the smoke detectors in your homes.

## Jeremy Alexander Wins Football Forecast

For the third week in a row the Kendrick Weekly Football Forecast top prize went to a youngster. It was Anna Klatt Travis Bostick, and then when the results were tabulated this week Jeremy Alexander, the 7th grade son of Dale and Susan Alexander won the forecast, beating out ninety other predictors, including a good many adults. Brian Hutcheson also only missed 4 selections but Jeremy got him on points in the tie-breaker selection.

Way to go, Jeremy, and you win the gift certificate from Fleming Truck and Equipment Co.

This week's contest is being sponsored by Phil's Food City.

## Out-on-the-Limb

Never humble Jeff Smith gleefully reported that once again his "out-on-the-limb" pick was correct last week as the Lions upset the Vikings. This correct call now brings Jeff's record to a dazzling 4-1.

Smith picked a skinny little limb to crawl out on this week as he now says the Washington Redskins are going to hand the New York Giants their first loss at Washington.

## Betty Cowger an Idaho Lottery Winner

Betty Cowger was a \$1,000 winner in Idaho's "Trucks & Bucks" State Lottery. Betty bought the winning ticket at Phil's Food City last Monday, October 1. It was one of four she purchased that morning. She received her \$1,000 check from the State Lottery headquarters in Boise Friday.

This is the first time Betty had ever "won anything big" from the lottery.

Mrs. Cowger said she plans to save the money until next June and use it to pay for a trip back to Oklahoma to attend her 50th school class reunion.

## Kendrick FHA Chapter Initiates New Members

The ceremony to initiate the new FHA members was held Monday, October 1st.

The new members are: Tanya Smith, Nikkie Klatt, Stacey Koepf, Bethany Eckroth, Vanessa Clemenhagen, Heidi Groseclose, Rachel Parks, and Suzan Fabion.

## A Word from the Mayor

Kendrick had its early beginning back in 1889—founded by Thomas Kirby, who moved to the area from Kansas. Kirby called this new town, Latah City. The town platted in May of 1890, was incorporated October 15, 1890.

The railroad came to town in January of 1891 and the first train arrived February 4 of that year. It was at that time the town was renamed "Kendrick" in honor of Northern Pacific's chief engineer, James P. Kendrick.

This Saturday, October 13, 1990, Kendrick will celebrate its 100th birthday. The planning of this event has been continuing for almost two years. The members of the Centennial Committee have spent countless hours in planning a grand day for all. There will be something for everyone of all ages at this once-in-a-lifetime celebration.

Time is getting short, so I would encourage everyone to get involved in the spirit of this special event of our first 100 years, by displaying the flag each day from now through Oct. 15—and by taking pride in your community.

I would like to take this opportunity to thank and congratulate all of the people involved in putting this Centennial Celebration together. I know it will be a huge success.

Jerry Brown, Mayor

## Grange Installs More Officers, Hears of Deary Consolidation

At its October 2 meeting Kendrick Grange saw the following officers installed by its Master, Frank Jacobson: Overseer, Manning Onstott; Steward, Wayne Heimgartner; Assistant Steward, Lowell Hubbard; Lady Assistant Steward, Elsie Onstott; Treasurer, Ruth Heimgartner; Ceres, Maxine Foster; Executive Committee, Art Foster; Chairman of Women's Activities, Betty Cowger; and Pianist, Muriel Hubbard.

The Master and five other officers having been installed the previous week in Moscow, Kendrick now has only one more officer to install, its Chaplin, Dolores Heimgartner.

After considerable deliberation and with little sadness, Deary Grange has announced its intention to seek consolidation with Kendrick Grange because of a declining membership and the difficulty of carrying out a full Grange program. Deary has sought approval of the proposed consolidation from the Master and Executive Committee of the Idaho State Grange. Assuming such approval, the membership of both Granges must approve the proposed merger.

The possibilities of such a consolidation had already been explored earlier at a joint meeting of the leaders of the two Granges. Master Frank Jacobson foresees no problem with the consolidation and says that Kendrick will welcome the addition of the kind of experienced and dedicated Grangers who will join Kendrick's ranks.

Nellie Heimgartner, Elsie Onstott, and Virginia Jacobson will plan for the Grange entry in the Centennial Celebration parade, a team-drawn hay wagon driven by Jim McKenzie. Betty Cowger reports that 60 or more pies will be available in the Pie House following the big parade. And, plans are underway to visit Lapwai Grange on the first Saturday in November.

Virginia Jacobson's last program as Lecturer featured the unholy but entertaining trio of Bud Adamson, Lowell, and husband Frank. From the sublime to the downright hilarious, they made her final program a success. Betty Stone, the new Lecturer, is already at work planning her programs for the coming year.

A planning meeting will be held at the Grange Hall on Monday, Oct. 15, beginning at 7:00 p. m. All officers and others interested in planning for the new Grange year are urged to attend. Master Frank Jacobson promises some surprise proposals.

## Horseshoes, too, on Centennial Day

Spend some of your Centennial Day in the old-fashioned way—pitching horseshoes at the new facility at the West end of Kendrick Rochdale.

The event starts at 12:00 noon Saturday. You may call Gordon Peters at 289-3131 to preregister, or you can just "mosey over" that day.

The competition will be held in three divisions—men's, women's and youth.

Come try your luck!

## Western Swing Classes In Juliaetta Start Oct. 18

Western Swing dance classes will be held in Juliaetta's Elementary School beginning Thursday, Oct. 18, it was announced this week.

Classes will be held for a six-week period from 7:45 to 9:00 p. m. The class will be taught by Dana Sears. Anyone wanting more information may contact Cindy Fliger at 276-7011 in Juliaetta.

## 'In the Rough', But Still Golf on Sunday, Oct. 14

What started as an idea and even a dream, developed into a realistic possibility. River Crossing, Inc., proposed golf course developed from a committee of the Kendrick-Juliaetta Community Development Association.

The board of directors is Wally Butler, president; Phil Hienen, vice-president; Dirk Hammond, Financial, and Lillian Howerton, Secretary.

It was important that this committee form an independent, non-profit incorporation, River Crossing, Inc., in order to tend to the business of acquiring information permits, and legal options necessary to find a potential site, and possible funding for a golf course in the Kendrick-Juliaetta area as an economic development project.

A site has been planned two miles east of Kendrick along the Potlatch River. This 86-acre tract has a natural setting for a golf course with mature timber to design fairways around and the Potlatch Creek to use as water hazards. Other pluses for this site include its own domestic and irrigation water that can be developed, electrical power is available and there is an accessible road—just a few of the natural advantages.

The nine-hole golf course has been researched and a plan developed by Gordon Nelson as a fifth-year University of Idaho landscape architecture project.

Nelson, since completing this project graduated from the U of I and has his own business as a golf course architect for Pacific Golf Associates in Seattle.

The board of directors have made contact with the Corps of Engineers and Idaho Water Resources about building bridges across the river and rip-rap work that would need to be done. The representatives of these governmental organizations have been very supportive of the project and with a hydrology report on the section of the river used in the design of the plans, have assured the board permits would not be a problem.

A hearing with the Latah County Planning and Zoning Commission has been attended and a Conditional Use permit for a golf course has been awarded. Also the Nez Perce County Planning and Zoning Commission has been contacted and they will be working with the Latah Commission to prevent double charges on permits as the property involved is in both counties.

The board of directors, as they became more involved in the development of this project, also became aware of the impact this asset would have on the economy of the area. In addition to the construction itself, there will be a number of openings for golf equipment, cart sales, etc., that can develop as individual enterprises—not to mention the increased finances and the traffic from out-of-town participants would add to the community.

## Tournament Sunday

Sunday, Oct. 14 will be the kick-off campaign in the form of a "In the Rough" golf tournament and barbecue with a charge of \$10 for each person participating.

Five, gallon size buckets have been buried for pins and will be flagged with helium-filled balloons at the end of six selected fairways. Teams will have a shot gun start for the Best Ball competition of which prizes will be awarded for 1st 2nd and 3rd place.

There will be prizes for men and women for the closest to the pin on one hole and longest drive on another. Awards will be presented at the barbecue. Spectators are invited to the barbecue at \$3.00 each. There will also be chances on a chipping event.

## CARD OF THANKS

The family of Mildred Blanford are grateful for the many cards, thoughts and food sent in during the recent loss of our mother, and grandmother.

It is a real comfort having such caring friends.

God Bless you.

## Kendrick Watering Restrictions Lifted

Mayor Jerry Brown said this week that outside watering restriction in the city limits of Kendrick have been lifted. The restriction limiting outside watering had been in effect for several months in an effort to maintain an adequate and safe water supply for the community. The recent rain and cooler weather have made it possible for the pumps to catch up.

Brown said the council sincerely appreciates the public's cooperation in this dry season.

The ancient Egyptians used brooms and curling irons.

## Big Bear Ridge News

Hulda Clemenhagen & Ruth Slind

Thanks to everyone who helped make our dinner and bazaar last Saturday night such a success. A special "Thanks" to all who worked so hard, made donations and articles for the bazaar, and another very special "Thanks" to all our friends from far and near who attended and gave us their support.

A week ago Allie Kremmins of Sedro Woolley, Wash., and Clarabelle Switzer's son Nelson Switzer of Camas, visited friends and relatives and were overnight guests of Grace Ingle during their visit on the ridge.

The Happy Home Club is invited to attend the Nez Perce Homemakers Extension Club at Lapwai Oct. 12. All homemakers are invited. Re-

gistration and coffee hour at 9 a. m. Interesting lessons to follow.

Alana Sneve spent the weekend in Spokane at the home of John and Sue Cross and along with many relatives and friends helped Harold Olderness celebrate his 85th birthday. Alana's mother Ruth and husband Richard of Santa Rosa, Calif. were also there and plan to be in the Kendrick area for the Centennial.

Ruthie Wilson returned Sept. 26 from a two-week vacation trip visiting her two sisters and families at White Sulphur Springs, West Virginia and Washington, D. C. She also enjoyed a visit to her old home place at Grace, W. V. Lots of changes since Ruthie lived there but so many happy memories and of course sad memories, too.

Tuesday Elaine Galloway and Sandy Asher and Jody and Jerry Smith visited Ruthie Wilson.

Margarette and Stan Cox and Albin Nelson were Thursday callers.

Wednesday baby Lonnie Calvin stayed with grandma Ruthie Wilson while Loriann went to Spokane to celebrate her birthday with her twin sister Loreale. They enjoyed a great steak dinner together.

Cecil Dean of Deary visited Saturday morning with Ruthie and other callers were Alana Sneve, and Edmund and Cecelia Ricard.

Ernie and Sandy Asher of Kansas City, Mo., were visitors of Eddie and Elaine Galloway and family last week.

The Hazeltine family were among

those who enjoyed the Big Bear Ridge ham dinner and bazaar last Saturday evening at Community Hall.

John Jeffries went with his father Tom Jeffries to Sandpoint over the weekend where John drove his grandfather's mule team in class competition at the Idaho International Draft Horse Show. John did well enough to place third, which is very good!

Mr. and Mrs. Ben Chisholm of Lewiston and Margarette Cox of Avon were Sunday visitors of Ruth and Oscar Slind.

### Happy Birthday, Kendrick

The Heinen family would like to take this opportunity to wish Kendrick Happy 100th Birthday! How pleased we are to be part of a community that has such a proud heritage.

Our sincere thanks to the Centennial Committee. It has only been because of their endless, selfless hours of labor that this celebration is becoming such a grand event.

Our love and gratitude is extended to Martha Long. She has helped us learn about the history of our business and has been such a grand example of how to stay active and supportive, even after retirement, of the community you serve. We are very proud to have our names along with she and Marvin as being owners of one of the historic buildings on Kendrick's main street.

Our business will close from 10 a. m. until after the parade on October 13. A reminder to friends of the Ninja Turtles — Raphael will be available for pictures from 9 a. m. to 10 p. m. and from 12 to 1 in front of Snyder's Home Center. The proceeds from the \$2.00 fee will go to the Kendrick High School Annual staff. Raphael tells us he will be in Kendrick from 9 to 4, circulating about town.

Winners of our coloring and essay contest will be announced in the Gazette next week—also watch for our special Centennial ad.
