Lianne Says Farewell and Thank You

This past year has been one of new experiences. As Kendrick/Juliaetta"s Young Woman of the Year, I've had the opportunity to meet with girls from all over the State of Idaho. I've learned a lot about individualism and what makes each girl unique and deserving of this title.

I've had a year of parades, luncheons, and of course, the strenuous week at State. Through all of these new and exciting opportunities, I've held my head high and given it my best. The most important thing I've gained is confidence and belief in myself.

Saturday, one girl will be chosen to carry on my title and she will be given the same opportunities I've had. I wish her an exciting and meaningful year that brings with it personal growth and happiness. Sincerely,
