Area Farming Video Is Now Available

The Bendrick Gazette Idaho State Archives Library & Archives Library & Archives 450 N. 4th St. in Rayin.

Matt Gravelle, a graduate of Kendrick High School, produced a 30-Cooperation" for the Lewiston Grain Growers. The premier viewing was held at their annual meeting in November and hailed a success as a top quality account of farm life on the Palouse and Camas Prairies.

The video traces the history of farming practices as told by farmers. Former Lewiston Grain Growers board members Harold Behler, Bob Wittman, and Charles Votaw voice the many changes that the farmer has seen the last 60 years.

Old film footage of stationary steam threshing, sacking grain, horse used on the Snake River, general living conditions of farm families during the 1930s are weaved into the narration.

"After hearing the farmer's story and seeing what he actually went through years ago," a recent viewer commented about the video, "a person should understand why cooperatives were formed."

There are also modern aerial shots of thirteen Lewiston Grain Growers facilities including those of Cavendish, Juliaetta, and Kendrick.

The video is now being offered to the public to help meet the demand for Christmas gifts. The video can be purchased at the Lewiston Grain Growers main office at 1200 Snake River in Lewiston. Or, it can be purchased by mail by sending \$15 (\$12 for the tape plus \$3 for shipping/handling) to LGG Video-

What remains to do is much of the inside finishing such as drywalling, painting, building cabinets, carpet and tile need to be layed,. Also their will be stoves to purchase, doors to install, plus locks and other hardware items All these take time, labor, and most of all, money.

It is estimated that when the fire station is completed the cost will be slightly more than \$200,000. The initial estimate from the contractor was \$191,397.00. The firemen then elimated some items, (actually a lot of items), and came up with a new estimate of \$167,097,00. The firemen secured a grant from the Idaho Dept. of Commerce for \$124,019. The remaining costs to be met by the firemen, city of Kendrick, sale of the old fire station, donations by the EMTs, the fire department itself, and individual or organizational donations and pledges, both money and labor or what is called "in-kind" services". For example: Jim Hoog-land will build and install the cabinets needed in the building, Roger Warner will donate his labor for the drywalling, Steve Henderson and his crew provided the machinery and labor to tear down the old house on the site and prepared the site for construction, almost all The annual Cameron Christmas for the cards, prayers, visits and of the painting will be done by the food while I was a patient in the firemen, EMTs and other volunteers This would also be a good time. to recognize the valuable contribution of Washington Water Power The thoughtfulness and kindness Co. for its donation of the vehicle they gave to the firemen which was converted into the extrication vehicle. And, thanks, too, to Gary Siland Don Galloway for working on this truck to make it suitable for its present service capabilities. It must also be mentioned again that volunteer individual and organizational support has been outstanding.

But, even with all the donations and volunteer labor, the costs have been great. Considering what still remains, it has been estimated that close to 14,000.00 is still needed before the final project is complete and the building is to where the firemen and EMTs what it.

The firemen are looking for donations from individuals and organizations to meet this final expense.

Grease Fire at

1/2 Pint of Milk

Mickelson Home in Juliaetta

Grease in a frying pan over-heated last week at the Elizabeth Mickelson home in Juliaetta. But prompt action by by neighbors prevented a good scare for Elizabeth and her daughter, Deana McGarvey.

Mrs. McGarvey had put oil in the frying pan when the phone rang, the scene with a fire extinguisher She left the pan unattended and to end the danger. while talking the oil over-heated and was not noticed until the smoke of Ed and Rodney and she says this alarm sounded. Eddie Groseclose incident is a good reminder of the responded to Elizabeth's call for importance of keeping a small fire help and then Rodney Cook was on extinguisher handy.

Tigers Romp Past Genesee 67-40

Kendrick's Tiger basketball team used a 23-point effort by Phil Brown to defeat the Genesee Bulldogs 67-40 last Friday night on the home court. Brown's 23 points included five three-points as Kendrick led all the way in posting their second league win.

Brown hit three, 3-pointers in the third period and 2 in the second as the rest of the team put out a solid effort, too.

Kendrick moved out to a commanding 20-10 first quarter lead and was ahead 30-18 at the half. With the help of Brown's 3-pointers in the 3rd quarter the Tigers scored 15 points and closed out the fourth

quarter with a 22 point barrage. Kendrick's attack was evenly balanced with Jerimy Chase, Taj Anderson and Rob Kellom each scoring any damage other than smoke and 8 points; Chad Heimgartner added seven and Craig Tefft and Nate Harris each getting six points.

Elizabeth is grateful for the help
