### An Easter Wish

Once again as the arrival of the Easter season brings us God's promise of the resurrection and eternal life, the coming of spring brings the promise of the renewal of nature and warmer, easier days. We are grateful for both. And, as the message of the Bible always brings comfort and inspiration, the warmer weather, green grass and the first new flowers of spring awakes us to a new season and reminds of work and projects ahead. We all face our own spring house cleaning, yard work, and the endless jobs that must be done "when the weather warms up."

Many of our good community workers are preparing to begin tasks and projects that could only be planned and talked about in the winter months. Juliaetta's Centennial Park workers will be increasing their efforts, both the Juliaetta and Kendrick city councils will be turning more attention to the "outside" jobs and the Kendrick swimming pool will keep both construction workers and volunteers busy with the new deck and other improvements. This is a good time to stop and think about how much these volunteer workers and planners do for our community, how much they contribute to making our towns the good places that they are, and how little praise, recognition and appreciation they receive. We are so fortunate to have them.

We at Phil's Food City appreciate and honor the volunteers and the organizations who give of their time, efforts and talents to make our lives better just as we appreciate our customers and friends who support our store. We wish you all a most happy and blessed Easter season.
