Fireman's Award **Night Topped By Surprises**

Master Frank Jacobson had planned last week's program honoring 10-1 Friday afternoon. Both games Kendrick's Volunteer Firemen as Community Citizens of the Year, it was the surprises really that made the evening so memorable.

Having noted that this annual event is Kendrick's way of celebrating Grange Week, Jacobson introduced State Grange Master Arley Weaver and First Lady Lavona, both of who congratulated the firemen for being honored, as did District III Deputies Ruth and Avery Bright.

Following introductions of the firemen and their wives and famillies, hostess Betty Cowger asked the firemen to come up front for a group photo behind the specially decorated cake. And here was the first surprise of the evening: Jacobson thought that Lisa (Lyons) Walker had misunderstood as she came up with husband Cameron for the group picture.

No, there was no mistake. And yes, you've probably guessed it. Lisa is the newest member of the volunteer fire department, its first woman ever. Scheduled later last week to get some schooling in driving the fire truck, Lisa says she'll be the first woman chief!

Now if that wasn't enough of a surprise for one evening, Kendrick's first Fire Chief-way back in 1948-Frank Abrams came up to make a suprise presentation of his chief's badge to today's chief, Rick McGregor. This, along with the special Grange certificate and paper weight, could well be the beginning of a collection of memorabilia to be displayed in the new Fire Station.

Enjoying the evening as a special guest was Erna Nelson, whose late husband, Ed, served as the department's first captain and was the caretaker of the old fire hall in more ways than one. His devotion to duty will always serve as a model for Kendrick's firemen.

Jacobson, giving credit to Dave Klatt for having the vision and drive to see a dream become a reality, traced the chain of events that led to the construction of the new fire station. This achievement alone would have been grounds for naming the firemen as Community Citizens of the Year.

along with that of the EMT's, were like to thank area merchants and Mother-Daughter Banquet equal to the challenges and frustra- business firms for providing the tions they faced in planning for and seeing through the community block grant application process.

But, as Jacobson pointed out, their success depended in part upon the achievements resulting from some forty-six years of volunteer effort. And their future success depends upon their ability to react today's challenges.

They've already met one significant challenge-to bring a fire lassie on board. And who knows, she could even be the first woman fire chief!

Thanks to Betty Cowger and all the crew who helped make this another great evening for both the 2nd and Diagonal from 8 am to 1. Grange and for the community of Kendrick.

Local 4-Hers in Latah **Horse Bowl Competition**
