Zelinskys Return from Interesting Travel Tour

Helen and Walt Zelinsky returned home Monday evening following a month-long vacation that took them over 6,000 miles across the United States. They started out traveling across Montana and South Dakota heading for Missouri. They spent two-days in Kansas City, Mo., visiting with an aunt. On to Fort Leonard Wood, Mo., where they visited with Thane and Becky Syverson. Before leaving Missouri they visited Branson where they enjoyed some of the many shows and entertainment. Leaving Missouri they traveled through Arkansas, Tennessee and Mississippi with their next stop being New Orleans, La., Walt and Helen enjoyed a 12-day visit with their daughter in New Orleans. Some of the special activities were a fishing trip on the bayou catching red fish, flounder and speckled trout. They enjoyed a delicious fish fry. One day they took a trip up the Mississippi River on one of the beautiful gambling boats. A special treat was a crawfish boil which was delicious and most interesting. They also toured the campus of Louisiana State University in Baton Rouge where their grandson attends. Leaving New Orleans they travelled through Texas, New Mexico, Arizona and Southern California. They stopped in Sacramento where they visited their daughter's family for four days, enjoying the grandchildren and friends. Leaving California they stopped at Reno for a day.

Helen stated they had a wonderful trip and enjoyed seeing family and friends and all the sites, but home is most welcome. They encountered hot, humid weather and the violent electrical storms in the mid-west and southern states. In other words, "There's no place like home."

Video Series to Show at Assembly of God Church

The video series entitled, "Turn Your Heart Toward Home", will be shown at the Kendrick Assembly of God Church July 6 through August 10. The host of the series is psychologist and author Dr. James Dobson, president of Focus and the Family.

Dr. Dobson has been at the forefront of the fight for the family and family values for many years. He has been asked to serve on committees or commissions by the three United States presidents and on the Attorney General's Commission on Pornography. His daily broadcasts, "Focus on the Family" is heard on over 1400 radio stations in seven-teen countries.

If you saw the first series seen by over 60 million people, entitled "Focus on the Family", you will not want to miss this view of parenting from the other side; when children leave home or are getting ready to launch out on their own. These six sessions will cover subjects like: parenting the young child and adolescent, the family and traditional family values, and how to overcome a painful childhood. No one can tackle these subjects quite like Dr. Dobson.

They will be shown each Wednesday night at 7:00 p. m. starting July 6th and running through August 10. Prepare now to be there, you will be glad you did.

re returning home Tuesday. On the 25th the Peas drove to Pottlatch to attend an auction and brought their grandson Michael Carroll home for a visit.

June 22, Wednesday, a day of exciting voices admiring others for their growing gardens, mowing lawns, not forgetting all the work and the multiple weeds. Then some of the ladies express their compliments on clothes and how they fit. Someone said, "Does it matter when we eat?" Louise says, "Yes, a regular program is the best. We should all practice for our body's improvement. This is a good way to prevention."

The scent from the kitchen dinner with delicious foods our observation was a temptation.

Doris Sillow was the lucky recipient of the free dinner and the first to lead the line. Persons served 28, home deliveries 12.

Dog show with Lew Peters from Lewiston, performed some interesting dog tricks. Ride around with his feet out and his dog pushed around in circles while he sat on his chair. More, shake hands, stand up and walked on his hind feet. He smelled of a purse and he went to find the owner.

June 24, Friday, Mr. Judson Smith, his wife accompanied him and his son as they sang special, pretty songs. One song, "Will There be Any Pine Trees in Heaven?", a beautiful song, not too often heard.

"Chuck Noble To Me"

In Memory of a Friend Whom I was Blessed To Know a Short Time By Patti Calene, Troy Idaho

What is in a person's name? Many are named after those of fame. Others' sir names have become nicknames. No matter the name; most everyone has experienced some kind of pain.

The dictionary says "Noble" of moral high quality or grand. This man was, you can tell by the warmth in the touch of his hand!

Through trials his sense of humor seemed to expand. Even while his body and emotional pain tightened like a band. His eyes sparkled with mischief as he smiled from ear to ear—

Even as death's burden came heavily near— We talked of Jesus and how life is so dear.

He knew that with his earthly family and Jesus near, there was nothing to fear.

So Chuck's now Heaven bound But I know we'll miss him being around. I know his spirit has touched down on Heaven's ground

A far better place he has found— I know you were sorry when you did complain, But, you need not have been ashamed.

Not once did you point a finger

Call Before You Dig!
WHO SHOULD CALL?
Anyone planning to dig or excavate could damage any underground pipes or cables at the site.
WHAT DOES IT COST?
Your only cost is the time it takes to make one toll-free phone call. For that investment of a few minutes, you will receive the following dividends:
• The peace of mind of having avoided the possibility of hitting a pipe or cable carrying gas, oil, or telephone or electricity which could be life-threatening.
• The satisfaction of contributing to lower utility rates by holding down repair costs.
• The appreciation of consumers in your area who will not have utilities interrupted by unnecessary dig-ins.
