#### The Facts of Foot Pain

Do your feet ache? Well, you're Second District Judge 10:30 am, 6:00 pm basic facts about the causes and colleagues on the district court bentreatment of foot woes.

"The majority of foot problems; and Harborview medical centers, "A lot of people treat the symptoms of foot problems—such as bunions, calluses, or heel pain-but they won't treat what's really causing them."

Some foot problems can be traced to the leg. Tight muscles in the upper calf that lead to the Achilles tendon can cause the tendon to tighten. This tightness, which pulls the Pastor's home heel upward, results in too much weight being placed on the front of the foot. If not treated, this can lead to a variety of problems such 9:45 am as bunions, calluses, inflammation 11 am, 6:00 pm of the foot, inflammation of the Wed. 7:00 pm Achilles tendon, or flat foot followat the parsonage ing the rupture of a tendon at the

back of the lower leg. Another source of foot pain is the first tarso metatarsal joint of the foot-the point where the toes bend 9:45 am away from the foot. Hansen explains Worship Service 11:00 am that a looseness in this joint results these troubles to visit an expernen-Ron Martin-Dent, Interim Pastor in a flattening of the foot (lack of an arch support). Without such support, people may experience pain under the ball of the foot.

Treating these abnormalities is relatively simple, Hansen explains. A tight tendon can re remedied by lengthening it; a simple outpatient (*call for location) procedure. This allows the Achilles tendon to relax and more weight to go comfortably to the heel. Surgery can also be performed to fuse the first tarso metatarsal join in the mid foot and bring back needed weight bearing in the area of the big toe.

If not treated early, basic foot problems will lead to further discomfort. Being overweight, standing for long periods of time on hard surfaces or engaging in high-impact exercise can increase the progression and severity of secondary problems.

"People can ignore basic foot pro-Bible Study _____ 6:30-7:30 pm blems and think they're normal,' he says. "But while you may adjust, the problems will eventually worsen and most likely require treatment."

Hansen says it's also important to clarify some of the myths about foot pain. Here are the real answers to some of the the more commonly held beliefs:

 High heels are bad news—Wearing shoes with a heel can actually be better for the feet, especially in cases of people with a tight Achilles tendon. By raising the heel, pressure on the front of the foot may be lessened. Hansen points out that shoes with an overly high heel or narrow toe box are not good for

#### New Laws Affecting **Idaho Drivers Begin January 1**

As of January 1, Idaho drivers will be subject to several new laws passed by the 1996 Idaho Legisla-

A. License Suspension for Dead beat Parents-Senate Bill 1304

This bill suspends the Idaho driver's and vehicle salesman licenses of anyone 90 days or \$2,000 behind proof of non-liability. Release of in child-support payments. Notices will be notified to take appropriate ent, who then has 21 days to appeal fice. the suspension at a hearing before the Department of Health and Welfare. If no appeal is filed, the suspension will go into effect, and the Idaho Transportation Department action in the case of drivers and vehicle licenses.

B. Release of liability to protect

motor vehicle sellers Beginning Jan. 1, a release of liability law protecting motor vehicle owners goes into effect in Idaho. When the owner of a motor vehicle sells or transfers a vehicle (in complaince with the requirements of the law), he or she cannot be held liable if negligence in the subsequent operation of the motor vehi-

cle results in death or injury of

> person or property. Anyone who sells or transfers a vehicle will need to submit a re-lease of liability statement to the Idaho Transportation Department* within five days of the transaction, along with a \$2 fee, Although the title will continue to display the seller's name until it has been properly transferred into the new buyer's name, the transportation department will record the release of liaproof of non-liability. Release of liability forms are available at any county assessor auto licensing off-

Anyone who acquires a vehicle is required to present the title for transfer into their name within 30 days of the transaction. Failure to do so will result in a \$20 late filing will eb notified to take appropriate fee. Vehicle owners are also reminded to keep their license plates when they sell a vehicle.

* Automobile dealers are exempt from this requirement. However, 🌎 vehicle owners who trade in their vehicles to dealers must submit a release of liability statement.

### Thanks to those who help us all—

As we bid farewell to 1996, it only seems appropriate to say "Thank You" to some individuals and groups who helped our community through a very difficult year. Enduring the snows of January, the floods of February, the road reconstruction of the summer months, and finally the recent heavy snow. Our community not only endured, but it triumphed. Phil's Family Foods would like to add our few words of gratitude to the people who helped make it possible. Remembering the floods of February we have respect and gratitude for the dozens of volunteers who filled and placed the sand bags, donated labor and equipment, and helped with the clean up work. To young and old alike: You were wonderful!

Also in the "pretty wonderful" category was the way the community dealt with the summer's road project. As business people we know the trials and tribulations each of you felt, trying of shop or even just get through Kendrick-but you did it with patience, understanding and good humor-and please know it was sincerely appreciated.

And don't think we aren't grateful and proud of the schools, the faculty, the staff, and students who are a source of pride. Thanks also to the J-K Lions Club for gift of a new park grounds and the many service projects they accomplish. A "tip of the hat to the K-J Arts Committee for its work with the schools and the community.

It's always a risk to start naming names, but to us, one person does deserve special recognition. Steve Howerton, our city man, as been a solid rock in a sea of problems during 1996-always there, working hard with understanding and good grace. Steve, you are a most special person.

Some in our community could literally not have lived to see 1997 without the help of our dedicated, faithful E. M. T. unit and the J-K Ambulance Service. Day and night, seven days a week, these wonderful people have been prepared to help those in need of medical assistance A community blessing beyond

We at Phil's thank you and the community for your patronage, support and friendship. We are truly grateful and wish to everyone the a happy 1997.

Let us fill those Propane Bottles

"Easy In, Easy Out" Any Time of Day
