Basque Field Trip Enjoyable, Educational For KHS Spanish Class

Who are the Basque people? The KHS Spanish II class discovered the answer while on their field trip to Boise October 19-20 along with Spanish students from Timberline and Orofino High Schools and exchange students from Mexico, Peru and Brazil.

Sunday afternoon everyone had an hour and a half to shop at the Boise Towne Mall before meeting at the Basque Center to watch the famous Oinkari dancers practice. The dancers wear white tunics and flowing white pants with red sashes and berets. Their dances are lively and colorful which portrays their cultural background and zest for life.

Dinner on Sunday evening was at the Galaxy Restaurant where the waiters/waitresses dressed in the 50s clothing and danced for us.

Monday morning was tightly scheduled. The students met with Patty Miller, director of the Basque Museum in Old Boise. Patty is of Basque heritage and kept everyone's attention as she explained the Basque live in northern Spain and southern France in the Pyrenees Mountains and along the northern coast. They are believed to have evolved from Cro Magnon Man in the same region, and speak a language unrelated to any other in the world. They came to the Americas to follow the discovery of gold. Many who came to southern Idaho became sheep herders and hotel and restaurant owners. They are fiercely independent and are warm and friendly. Patty used "hands-on" activities to tell about the Basque history including playing hand ball in the underground court and teaching two Basque dances.

Just before leaving Boise, the group stopped at the Onati Basque Restaurant for a family-style lunch of pork chops, cod, bean soup, salad, fried cheese, paella and fresh bread. "It was the best food I've had since I left Brazil," said Gustavo de Montiero.

The Spanish students at KHS wish to thank the community, the faculties at Juliaetta Elementary and Kendrick High School and Phil's Family Foods for supporting them in their enchilada sale and the raffle. Muchas gracias!!!!

Rural Partners Meeting Clarifies Central Purpose of Kellogg Grant

By Frank Jacobson

Representatives of five communities attending the Rural Partners meeting at Lewis-Clark State College on Monday came away with a clearer perception of the driving purpose of the Kellogg Foundation's MIRA grant. The acronym stands for Managing Information in Rural Areas.

Directors of the Kellogg Foundation have long been interested in what makes the difference between rural communities that are successful in carrying out projects and those that fail. The answer lies in what is sometimes referred to in the buzz words "social capital." A community that has this ingredient for success is able to get people out to meetings, to work collectively, to focus community leadership by interacting across a community—up, down, and across, taking in all ages, genders, interest groups, etc.

An overview of the MIRA grant proposal makes it clear that the Kellogg Foundation has as its target building individual and community capacity, using technology as a focal point. And capacity may be understood in terms of the skills enumerated above. The technology targeted is that of electronic communication and information systems, including Internet, interactive television, and other wonders of the electronic age. It is pertinent that one of the communities represented at Monday's meeting was present by means of a conference phone.

Thus, the financial carrot held before communities has a string attached: Grants of up to \$15,000 per community involved will be awarded to projects that address the application of electronic communication in their community to develop capacity—to create, in short, "social capital."

Participants in Monday's meeting learned that the grant is process driven, not project driven. Considerable discussion centered in the nuts and bolts aspects of the grant program, some of which were outlined in last week's Gazette story. While unable on Monday to commit their communities to involvement in the grant program, representatives did agree to report back to their constituencies and determine whether commitment is possible.

Lillian Howerton, representing the Kendrick-Juliaetta Community development Association at Monday's meeting will discuss the Kellogg Grant program with the Association's leadership to determine whether K-JCDA is interested in being a sponsor—that is, in taking the first step to create interactions within the community. Up, down, and across.

The target? New partnerships. Such as? The schools and youth. The churches. The service clubs Agriculture. The forest industry. Strangers (!), those unknowns who are new to the community. You name it. And if you have ideas, let Lillian or other members of the K-JCDA know. That, finally, is what this grant possibility is all about!

To You Tire Slashers—

Letting air out of tires can be considered Halloween fun, but having four slashed tires is a financial burden to someone who isn't making much money. We will get new tires—but will have to do without other things that we needed before winter. Your minute of "fun" is very costly for others.

I would appreciate a call from anyone that knows who took part in this.

Mary Abitz

Trailblazers 4-H Club "Adopts" Bighorn Sheep

At the Trailblazers' 4-H meeting on October 31, Frances Cassir of the Fish and Game Department in Lewiston was guest speaker. Frances is the head biologist for the Bighorn Sheep recovery program. Some 20 Canadian Bighorn sheep are being transported to Idaho in the next few weeks. The Trailblazers 4-H Club has been given the opportunity to adopt 3 of these sheep. Cody Cooper, Chris Blair and Katie Eiselein are chairmen of the 3 groups which will record information about "their" sheep. The 4-Hers are designing the radio collars that will be used to track their 3 animals.

Frances will send a video, occasionally, of these sheep. They will be relocated at Pittsburg Landing. Various types of information will be given to the club including maps to study and habitat information. The Trailblazers are the first group to be given the opportunity to "adopt" Bighorn sheep, although similar programs have been set up for the Woodland Caribou in North Idaho.

Thanks to Frances for the opportunity to follow important information about Idaho wildlife!

Halloween Night At V. F. W. Hall Popular Attraction

Friday's Halloween Night extravaganza was well-attended and enjoyed by both trick-or-treaters and adults. The event, held at the V. F. W., began with a carnival and was followed by Christian Swenson's "Human Jazz" performance. The carnival, sponsored by the P. T. O., included a haunted house, numerous game booths with prizes, plus refreshments. Swenson, a well-known Seattle performer, kept the younger audience both spell-bound and actively involved. Using only voice, body, and imagination, he captivated the younger audience and entertained adults. Swenson was sponsored by the K-J Arts Committee.

A great deal of appreciation goes out to the community for its enthusiastic support of this first-time event. In addition, thanks to the following sponsors and contributors: Michael Cook, who crafted the door prize "hope chest"; First Bank of Pizza, Juliaetta Market, Phil's Family Foods, Red Cross Pharmacy, Floral & Gifts, Eastern Imports—hand painted Christmas ball, Moscow Roseaux—\$10 gift certificate, Hodgins and Safeway, Moscow, and Wasems in Clarkston. Great job to Charlotte and Jim Carpenter, Ron and Lynnette Johnson of the Kendrick County Center, plus Michael Culpepper, Greg Crouch, Mandy Green, Jerry Galloway, and Christina Tarsky, along with participating PTO and Arts Committee members.

New grade school playground equipment will be purchased with the PTO's carnival proceeds. Performer and event expenses will be contributed toward with the Arts Committee's proceeds from the event.

The appearance of Christian was funded in part by the Idaho Commission on the Arts and WESTAF.

Tony Cappa's Family Says "Thank You"

A very special thank you to the EMT's that carefully and professionally handled Tony on his way to the hospital. They made sure that his neck was not moved to create further damage. They are truly angels.

Thanks to the staff at St. Joe's that handled the situation with care and understanding. Special thanks to the nurses and Dr. Hill.

To the staff of Kendrick High School for their help in discussing further educational needs. The coaches, office personnel, teachers and students for their support and love. Thank you to all of the people who called from all over the country. Most of all, a special thank you to Tony's friends for being there both for him and for me. It means a great deal to us.

To everyone that supported both of us in our time of need, we thank you for your love, support, concern, balloons, cards and goodies. It was an extremely difficult situation.

Sincerely,
Tony and Liz

Local Food Bank Will Continue To Serve Community

(Note: Because of recent appeals from the Troy Food Bank, concerns and questions as to whether the Good Samaritan Food Bank is going to continue serving the Kendrick-Juliaetta area have arisen. The following article is from the local Food Bank Committee. More information will be forthcoming. For now it is safe to say that Good Samaritan Food Bank does exist and is planning to be an active, needed part of the community).

This year the Good Samaritan Food Bank (Kendrick-Juliaetta), has been approached to accept Federal funds with access to commodities and meat.

If such assistance is accepted, we (the Good Samaritan Food Bank) would still need community involvement for additional donations. To accept this help, all applicants would be required to fill out forms concerning their income and causes of need. We have always felt the food bank was a source of help when emergencies occur and a hand-up was needed. To ask desperate people to justify their needs seems inappropriate. This community has been outstanding in its support of each other where neighbor helps neighbor.

Unfortunately few people have made use of the Food Bank. That could lead us to believe there are no needy folks out there. Perhaps people do not understand that they are not judged or questioned when they approach a volunteer for access to the supplies.

When it was opened for two hours each Thursday, many times no one came for help. Last year a list of names of the volunteers and their telephone numbers was posted so we could be reached whenever anyone needed something. Still no change in the number of recipients.

Food baskets for the holidays are a tradition and will continue to be so. We need dressing, potatoes, cranberry sauce, vegetables, and pumpkin to fill the baskets. The meat products are purchased with available funds. Last year 32 baskets were distributed for Thanksgiving and for Christmas with additional gifts for the children of the households at Christmas.

Because of relocation and changes in situations, our list needs updating and we need new applicants. If you know of someone who needs help, please let us know.

Remember, friends help friends and it is a hand-up, not out.

Good Samaritan Food Bank Committee

Curb-Side Recycling in Kendrick each Thursday morning
 In cooperation with the City of Kendrick, Dave Dean of Davey's Recycling, will be in Kendrick each Thursday morning to pick up recyclible items if placed at the curbside.
Here is what is being accepted at this time:
 Newsprint
 Magazines
 Cardboard (corrugated & uncorrugated)
 Clear Glass
 Tin Cans
 Aluminum Can
 Plastics No. 1, No. 2 & Milk Jugs
THE FOLLOWING IS SUGGESTED:
 • Please don't use plastic bags for recyclibles.
 • Please have items out by 7:30 a. m. Thursdays
 • It would help if you would rinse all cans and make sure they are empty. You do not have to take the labels off.
 • Cardboard must be flattened. It would be very space saving if everything else was also flattened.
THANK YOU VERY MUCH
